*Subject index**

A

Abdominal mass in newborn infant, giant ectopic ureter presenting as (Uson, Womack, and Berdon) (BCLO), 473

ABO-incompatible maternofetal transfusion, transfusion reaction following (Wong and Chan) (BCLO), 479

ABO incompatibility, phototherapy in (Pildes) (Letter), 1063; (Sisson) (Reply), 1063; (Kaplan) (Reply), 1064

Acid-base effects of hypertonic sodium bicarbonate solutions: commentary (Dell and Winters), 681

Acid, epsilon aminocaproic, and replacement therapy, treatment with: oral bleeding in hemophilia (Corrigan), 124

Acidosis, renal tubular, in infants and children (Nash et al.), 738

Aciduria, methylmalonic, screening test for, utilizing urine-impregnated filter paper samples (Carpenter, Maddux, and Carter) (BCLO), 108

Adenoma, beta cell, in child with hypoglycemia controlled with diazoxide (Balsam et al.), 788

testicular interstitial cell, isosexual pseudoprecocity in 6-year-old boy with (Root et al.), 264

Adrenal hyperplasia, congenital, effect of cortisone therapy on diurnal pattern of growth hormone secretion in (Vazquez, Schutt-Aine, and Kenny), 433

virilizing, genital changes in (Qazi and Thompson) (BCLO), 653

and renal vein thrombosis, peripheral gangrene in newborn infant associated with (Valderrama, Gribetz, and Strauss) (BCLO), 101

Adrenocorticotropic hormone unresponsiveness: report of girl with excessive growth and review of 16 reported cases (Kershnar, Roe, and Kogut), 610

Alimentation, intravenous, in pediatric patients (Heird et al.), 351

peripheral, of small premature infant (Tochen and Walther) (Letter), 895; (Babson and Benda) (Reply), 895

Allergy, families with, empiric risks for genetic counseling in (Lubs), 26

Alveolar proteinosis, pulmonary, and pulmonary cryptococcosis in adolescent boy (Sunderland, Campbell, and Edwards), 450

pulmonary lavage for (Mazyck et al.), 839

Aminocaproic acid, epsilon, and replacement therapy, treatment with: oral bleeding in hemophilia (Corrigan), 124

Amish kindred, Hodgkin's disease in three children from (Halazun, Kerr, and Lukens) (BCLO), 289

Anemia, aplastic, leukemia presenting as (Sturgeon) (Letter), 159; (Melhorn, Gross, and Newman) (Reply), 159

delayed, in newborn infant (Fenton and Bove), 515

Fanconi's, with isolated growth hormone deficiency (Zachman, Illig, and Prader) (Letter), 159

in full-term infants, incidence of (Hunter) (Letter), 525; (Lopez) (Letter), 525; (Fuerth) (Reply), 526

G-6-PD hemolytic, complicating diabetic ketoacidosis (Gellady and Greenwood) (BCLO), 1037

hemolytic, chronic severe, due to G-6-PD Charleston: new deficient variant (Beutler et al.), 1005

iron deficiency, red cell metabolism in: relationship between glutathione, peroxidase, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to oxidative hemolysis (Macdougall), 775

physiologic, of newborn infant (Lopez), 339; (O'Brien and Pearson) (Reply), 340

Angiotensin, renin-, system in newborn infants, study of (Kotchen et al.), 938

Announcements, 162, 342, 689, 898, 1070

Antibiotic(s) resistance and R factors, incidence of, among gram-negative bacteria isolated from neonatal intestine (Dailey, Sturtevant, and Feary), 198

several, influence of, singly and in combination, on growth of Listeria monocytogenes (Gordon, Barett, and Clark), 667

Antibodies, bactericidal, H. influenzae type B, detection of (Szalay and Weinstein) (Letter), 1064; (Graber) (Reply), 1065; (Sell) (Comment), 1066

Antibody response in patients with leukemia (Parker) (Letter), 891; (Ogra) (Reply), 892

suppression of, in congenital rubella (Michaels), 583

*January, pp. 1-182; February, pp. 183-350; March, pp. 351-542; April, pp. 543-724; May, pp. 725-908; June, pp. 909-1102.

Antigen, Australia, occurrence of epidemic infectious hepatitis in chronic carriers of (Dietzman et al.), 577
hepatitis-associated, in selected mothers and newborn infants (Keys et al.) (BCLO), 650
Aorta, recoarctation of, following coarctectomy in first year of life: follow-up study (Eshaghpour and Olley), 809
Aortic rupture in gonadal dysgenesis (Lippe and Kogut) (Letter), 895
Aplastic anemia, leukemia presenting as (Sturgeon) (Letter), 159; (Melhorn, Gross, and Newman) (Reply), 159
Arachnidism, necrotic, fatal brown spider bite, disseminated intravascular coagulopathy following (Vorse et al.) (BCLO), 1035
Argininosuccinase deficiency, early dietary management of infant with: preliminary report (Shih) (BCLO), 645
Arrhythmia as complication of therapy, report of case with: treatment of hypertension in infancy with diazoxide (Mauer and Mirkin), 657
Arteriography, renal, polyarteritis nodosa diagnosed by (McLain, Bookstein, and Kelsch) (BCLO), 1032
Arteriovenous fistula, congenital, of vertebral artery and internal jugular vein (Suen et al.) (BCLO), 837
Artery, pulmonary, band, endoarteritis inside (Carpenter, Hendley, and Dammann) (BCLO), 1030
renal, stenosis, bilateral, in association with neurofibromatosis (Recklinghausen's disease): report of two cases (Grad and Rance), 804
vertebral, congenital arteriovenous fistula of, and internal jugular vein (Suen et al.) (BCLO), 837
Aspergillus thyroiditis in chronic granulomatous disease, thyrotoxicosis associated with (Halazun, Anast, and Lukens) (BCLO), 106
Aspirin, antenatally administered, more on effects of, on aggregation of platelets of neonates (Casteels-Van Daele et al.) (Letter), 685
Asthma, cystic fibrosis and, effects of ultrasonically nebulized distilled water on airway dynamics in children with (Barker and Levison), 396
Ataxia, cerebellar, acute, and concomitant infection with Mycoplasma pneumoniae (Steele et al.) (BCLO), 467
Atherosclerosis as pediatric problem (Kannel and Dawber), 544
cholesterol, and pediatrician (Drash) (Editor's column), 693
Atresia, biliary, medium-chain triglycerides in (Roy and Weber) (Letter), 528; (Cohen and Gartner) (Reply), 528
Atrial tachycardia with exit block around ectopic pacemaker in otherwise healthy infant (Mirowski and Rowe), 457
Australia antigen, occurrence of epidemic infectious hepatitis in chronic carriers of (Dietzman et al.), 577

B

Back carrier, potential danger of (Farrell) (Letter), 159
Bacteremia, from scalp vein needles and polyethylene catheters in children, local infection and (Peter, Lloyd-Still, and Lovejoy), 78
Bacteria, gram-negative, isolated from neonatal intestine, incidence of antibiotic resistance and R factors among (Dailey, Sturtevant, and Feary), 198
Bactericidal antibodies, H. influenzae type B, detection of (Szalay and Weinstein) (Letter), 1064; (Graber) (Reply), 1065; (Sell) (Comment), 1066
Barbiturate utilization, maternal, and neonatal withdrawal symptomology (Desmond et al.), 190
Bicarbonate administration, influence of, on blood pH in "closed system": clinical implications (Ostrea and Odell), 671
sodium, solutions, hypertonic, acid-base effects of: commentary (Dell and Winters), 681
Biliary atresia, medium-chain triglycerides in (Roy and Weber) (Letter), 528; (Cohen and Gartner) (Reply), 528
Bleeding, oral, in hemophilia: treatment with epsilon aminocaproic acid and replacement therapy (Corrigan), 124
Blood cells, red, fetal, in vivo, effect of light on (Blackburn, Orzalesi, and Pigram) (BCLO), 640
lead levels, elevated, development of children with: controlled study (Kotok), 57
pH, influence of bicarbonate administration on, in "closed system": clinical implications (Ostrea and Odell), 671
pressure measurements, "routine" (North) (Letter), 683; (Garfunkel) (Letter), 684
technique, Doppler, additional information on (Kemmerer) (Letter), 891
systolic, measurement in newborn infant with transcutaneous Doppler method (Kirkland and Kirkland), 52
Bone age, correlation of performance in track and field events with (Cumming, Garand, and Borysyk), 970
marrow transplantation, hemiallogeneic, in child with severe combined immunodeficiency disease (Wu et al.), 441
Book reviews
Pathophysiology of the perinatal period. Functional and biochemical development in mammals (Klaus), 331

Book reviews—Cont'd
Pulmonary function testing in children. Techniques and standards (Auld), 152
Radiologic atlas of pulmonary abnormalities in children (Capitanio), 152
Brain disease, degenerative, in childhood, choroid plexus papilloma mimicking (Platt and Rosman) (BCLO), 483
Burn injury, severe, gasoline sniffing in children leading to (Schmitt, Goolishian, and Abston) (BCLO), 1021

C

Calcitonin, porcine, effects of, in osteogenesis imperfecta tarda (Castells et al.), 757
Candida albicans, constrictive esophagitis due to, in acute childhood leukemia (Pochedly, Reichmann, and Irwin) (Letter), 892
Carbohydrate metabolism effect of low-dose human growth hormone on, in children with hypopituitarism (Costin, Kogut, and Frasier), 796
Carbonylmutase, methylmalonyl CoA, activity, in human fetal and infant livers (Morrow et al.) (BCLO), 118
Cardiac catheterization and febrile episodes (Gilladoga et al.), 215
and pulmonary complications, nephrosis with (Cooke, Spear, and Dorst), 881
valves, replacement of, in children (Klint et al.), 980
Cardiovascular malformations in Klinefelter's syndrome: report of three cases (Rosenthal) (BCLO), 471
Caries, dental prophylaxis of: relative effectiveness of chewable fluoride preparations with and without added vitamins (Hennon, Stookey, and Muhler) (BCLO), 1018
Catalase, glutathione, peroxidase, serum vitamin E, and susceptibility of iron-deficient red cells to oxidative hemolysis, relationship between: red cell metabolism in iron deficiency anemia (Macdougall), 775
Catheterization, cardiac, and febrile episodes (Gilladoga et al.), 215
umbilical vessel: indications, management, and evaluation of technique (Symansky and Fox), 820
Catheters, polyethylene, in children, local infection and bacteremia from scalp vein needles and (Peter, Lloyd-Still, and Lovejoy), 78
Cell(s), beta, adenoma in child with hypoglycemia controlled with diazoxide (Balsam et al.), 788
blood, red, fetal, in vivo, effect of light on (Blackburn, Orzalesi, and Pigram) (BCLO), 640
homozygous sickle, disease, with coexistent hereditary spherocytosis in three siblings (Maurer, Vilda, and Honig), 235
Cell(s)—Cont'd
red, metabolism in iron deficiency anemia: relationship between glutathione, peroxidase, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to oxidative hemolysis (Macdougall), 775
sickle, disease in newborn infant, diagnosis of (Huntsman, Metters, and Yawson) (BCLO), 279
testicular interstitial, adenoma, isosexual pseudoprecocity in 6-year-old boy with (Root et al.), 264
Cephalexin: treatment of streptococcal pharyngitis (Azimi et al.), 1042
Cerebellar ataxia, acute, and concomitant infection with Mycoplasma pneumoniae (Steele et al.) (BCLO), 467
Cerebral intraventricular hemorrhage, perinatal (Harcke et al.), 37
Charleston, G-6-PD, chronic severe hemolytic anemia due to: new deficient variant (Beutler et al.), 1005
Cholera, pediatric: current concepts of therapy (Carpenter and Hirschhorn), 874
Cholesterol, atherosclerosis, and pediatrician (Drash) (Editor's column), 693
Choroid plexus papilloma mimicking degenerative brain disease in childhood (Platt and Rosman) (BCLO), 483
Chromosomal mosaicism, pitfalls in prenatal diagnosis resulting from (Kardon et al.) (BCLO), 297
Chromosome findings in 700 children referred to psychiatric clinic (Crandall, Carrel, and Sparkes), 62
ring, 18, primary hypoparathyroidism associated with (Olambiwonnu, Ebbin, and Frasier) (BCLO), 833
Y, screening for abnormalities of (Greensher et al.) (Letter), 158
Cloverleaf syndrome, Kleebslattschädel: severe form of Crouzon's disease? (Hall, Smith, and Shiller) (Letter), 526
CoA carbonylmutase, methylmalonyl, activity in human fetal and infant livers (Morrow et al.) (BCLO), 118
Coagulopathy, disseminated intravascular, following fatal brown spider bite (necrotic arachnidism) (Vorse et al.) (BCLO), 1035
Coarctectomy, recoarctation of the aorta following, in the first year of life: follow-up study (Eshaghpour and Olley), 809
Colitis, ulcerative, chronic, onset of, during varicella (Keating, Ternberg, and Khadadoust) (Letter), 684
Congenital adrenal hyperplasia, effect of cortisone therapy on diurnal pattern of growth hormone secretion in (Vazquez, Schutt-Aine, and Kenny), 433
arteriovenous fistula of vertebral artery and internal jugular vein (Suen et al.) (BCLO), 837

Congenital—Cont'd
cytomegalic inclusion disease, cytosine arabinoside in (McCracken and Luby), 488
cytomegalovirus infection, experimental use of cytosine arabinoside in (Kraybill et al.), 485
defects, minor, in children of low birth weight (Crichton et al.) (BCLO), 830
heart disease, genetic counseling and (Reiss and Menashe) (BCLO), 655
hypothyroidism, large fontanels in: potential clue toward earlier recognition (Smith and Popich), 753
strabismus and (Kirkland et al.) (BCLO), 648
nephroma of infancy: induction of renal structures by organ culture (Crocker and Vernier), 69
rubella, suppression of antibody response in (Michaels), 583
syndrome, interstitial pancreatitis in (Bunnell and Monif) (BCLO), 465
virilizing adrenal hyperplasia, genital changes in (Qazi and Thompson) (BCLO), 653
Copper deficiency in long-term parenteral nutrition (Karpel and Peden), 32
Cortisone therapy, effect of, on diurnal pattern of growth hormone secretion in congenital adrenal hyperplasia (Vazquez, Schutt-Aine, and Kenny), 433
Cr^{51}, study of erythrocyte life-span in galactosemia using (Bajpai, Tripathi, and Agarwala), 835
Croup syndrome, simplicity and reliability of radiographs of neck in differential diagnosis of: diagnosis of epiglottitis (Rapkin) (BCLO), 96
Crouzon's disease, severe form of: Kleeblatschädel (cloverleaf) syndrome (Hall, Smith, and Shiller) (Letter), 526
Cryptococcosis, pulmonary, in adolescent boy, pulmonary alveolar proteinosis and (Sunderland, Campbell, and Edwards), 450
Culture, organ, induction of renal structures by: congenital nephroma of infancy (Crocker and Vernier), 69
Cutaneous, trans-, Doppler method, systolic blood pressure measurement in newborn infant with (Kirkland and Kirkland), 52
Cystic fibrosis and asthma, effects of ultrasonically nebulized distilled water on airway dynamics in children with (Barker and Levison), 396
deficiency of trypsin-like activity in saliva of patients with (Rao and Nadler), 573
Cytochrome c reductase, NADPH-, and smooth endoplasmic reticulum in human liver, phenobarbital-induced changes in (Thaler, Dallman, and Goodman), 302
Cytomegalic inclusion disease, congenital, cytosine arabinoside in (McCracken and Luby), 488
Cytomegalovirus infection, congenital, experimental use of cytosine arabinoside in (Kraybill et al.), 485
maternal, correlation of, during varying stages in gestation with neonatal involvement (Monif et al.), 17
Cytosine arabinoside, experimental use of, in congenital cytomegalovirus infection (Kraybill et al.), 485
in treatment of congenital cytomegalic inclusion disease (McCracken and Luby), 488

D

Dactinomycin, therapy with, report of death of newborn infant during (Lascari) (Letter), 337
Death (*See* Is there a right to die quickly?) (Freeman) (Editor's column), 904
(*See* Whose suffering) (Cooke) (Editor's column), 906
Dental anomalies in Noonan's syndrome (Szalay and Weinstein) (Letter), 1069; (Baird and De Jong) (Reply), 1069
caries, prophylaxis of: relative effectiveness of chewable fluoride preparations with and without added vitamins (Hennon, Stookey, and Muhler) (BCLO), 1018
Dermatomyositis, childhood, prognosis in (Sullivan et al.), 555
Diabetes mellitus, infancy-onset, and multiple epiphyseal dysplasia (Wolcott and Rallison) (BCLO), 292
permanent, in neonate (Gairdner and Gandy) (Letter), 334
Diabetic ketoacidosis, G-6-PD hemolytic anemia complicating (Gellady and Greenwood) (BCLO), 1037
mothers, hypocalcemia in infants of (Tsang et al.), 384
Diarrhea, viral, infantile, model of: transmissible gastroenteritis in piglets (Kelly, Butler, and Hamilton), 925
Diazoxide, beta cell adenoma in child with hypoglycemia controlled with (Balsam et al.), 788
treatment of hypertension in infancy with: report of case with arrhythmia as complication of therapy (Maurer and Mirkin), 657
Dilantin, 5, 5-diphenylhydantoin, intoxication with (Holcomb et al.), 627
Diphenylhydantoin, 5, 5-, (Dilantin), intoxication with (Holcomb et al.), 627
Disease, congenital cytomegalic inclusion, cytosine arabinoside in (McCracken and Luby), 488
Crouzon's, severe form of: Kleeblattschädel (cloverleaf) syndrome (Hall, Smith, and Shiller) (Letter), 526
degenerative brain, in childhood, choroid plexus papilloma mimicking (Platt and Rosman) (BCLO), 483

Disease—Cont'd
granulomatous, chronic, of childhood with onset of symptoms at age 11 years (Sanders et al.) (BCLO), 104
thyrotoxicosis associated with Aspergillus thyroiditis in (Halazun, Anast, and Lukens) (BCLO), 106
heart, congenital, genetic counseling and (Reiss and Menashe) (BCLO), 655
oxygen consumption in infants with (Stocker et al.), 43
hemolytic, of newborn infant, current management of (Naiman), 1049
relationship of gender to (Parkman) (BCLO), 469
Hodgkin's, in three children from Amish kindred (Halazun, Kerr, and Lukens) (BCLO), 289
more on diagnosis of (Letter), 686; (Starling) (Reply), 687
hyaline membrane: a discussion (Auld, Hodson, and Usher), 129
immunodeficiency, combined, and short-limbed dwarfism, granulomatous reaction in infant with (Gotoff et al.), 1010
severe combined, hemiallogeneic bone marrow transplantation in child with (Wu et al.), 441
integumentary system, hereditary childhood hearing loss and (Konigsmark), 909
Leiner's, and deficiency of C5 (Miller and Koblenzer), 879
Menetrier's, in childhood (Caplan) (Letter), 340; (Sandberg) (Reply), 341
with progression of, correlation of serum levels of nephritic factor with C3 levels, with therapy, and: C3 nephritic factor and membranoproliferative nephritis (Vallota et al.), 947
Recklinghausen's, neurofibromatosis, bilateral renal artery stenosis in association with: report of two cases (Grad and Rance), 804
renal, in Russell-Silver syndrome (Haslam, Berman, and Derivan) (Letter), 1062; (Smith, Gareis, and Summitt) (Reply), 1062
severe combined immunodeficiency, macrophage function in (Gatti and Good) (BCLO), 285
sickle cell, homozygous, with coexistent hereditary spherocytosis in three siblings (Maurer, Vilda, and Honig), 235
in newborn infant, diagnosis of (Huntsman, Metters, and Yawson) (BCLO), 279
Diurnal height variation in children (Strickland and Shearin) (BCLO), 1023
pattern of growth hormone secretion in congenital adrenal hyperplasia, effect of cortisone therapy on (Vazquez, Schutt-Aine, and Kenny), 433
Diverticulosis, intramural, of esophagus: report of case in child (Weller) (BCLO), 281
Doppler blood pressure measurement technique, additional information on (Kemmerer) (Letter), 891
method, transcutaneous, systolic blood pressure measurement in newborn infant with (Kirkland and Kirkland), 52
Drugs, who will test: pediatric pharmacology (Wilson), 853
Dwarf, Russell, versus Silver syndrome (Szalay) (Letter), 1066; (Smith, Gareis, and Summitt) (Reply), 1068
Silver-Russell, lateral facial profile of (Fitch and Pinsky) (BCLO), 827
Dwarfism, pseudohypopituitarism, with normal plasma growth hormone and low serum sulfation factor (New et al.), 620
short-limbed, combined immunodeficiency disease and, granulomatous reaction in infant with (Gotoff et al.), 1010
Dysgenesis, gonadal, aortic rupture in (Lippe and Kogut) (Letter), 895
Dysplasia, multiple epiphyseal, infancy-onset diabetes mellitus and (Wolcott and Rallison) (BCLO), 291

E

Ear, middle, cleft, neurologic manifestations of embryonal rhabdomyosarcoma of (Leviton, Davidson, and Gilles), 596
ECHO virus type 3 infections in children: clinical and laboratory studies (Haynes et al.), 589
Electrodes, needle, for heart rate monitoring (Benda) (Letter), 160
Embryonal rhabdomyosarcoma of the middle ear cleft, neurologic manifestations of (Leviton, Davidson, and Gilles), 596
Emotional deprivation, growth retardation and: relative resistance to treatment with human growth hormone (Frasier and Rallison), 603
Encephalitic reaction to promethazine (Fisher) (Letter), 896
Encephalopathy, hepatic, evaluation of management of (Cohen and Litt), 851
Endoarteritis inside pulmonary artery band (Carpenter, Hendley, and Dammann) (BCLO), 1030
Endoplasmic reticulum, smooth, in human liver, phenobarbital-induced changes in NADPH-cytochrome c reductase and (Thaler, Dallman, and Goodman), 302
Eosinophilic leukemoid reaction (Rickles and Miller), 418
Epidemic infectious hepatitis, occurrence of, in chronic carriers of Australia antigen (Dietzman et al.), 577
Epidermoid spinal cord tumors and previous lumbar punctures (Shaywitz) (BCLO), 638

Epididymitis in infancy, unusual cause of: urinary reflux via vas deferens (Kiviat, Shurtleff, and Ansell) (BCLO), 476
Epiglottitis, diagnosis of: simplicity and reliability of radiographs of neck in differential diagnosis of croup syndrome (Rapkin) (BCLO), 96
Epiphyseal dysplasia, multiple, infancy-onset diabetes mellitus and (Wolcott and Rallison) (BCLO), 291
Epstein-Barr virus in infancy (Shapiro et al.) (BCLO), 1025
infections, prospective study of, in acute lymphoblastic leukemia of childhood (Miller et al.), 932
Errata, 692, 1072
Erythrocyte life-span in galactosemia using Cr^{51}, study of (Bajpai, Tripathi, and Agarwala) (BCLO), 835
Esophagitis, constrictive, due to Candida albicans in acute childhood leukemia (Pochedly, Reichmann, and Irwin) (Letter), 892
Esophagus, intramural diverticulosis of: report of case in child (Weller) (BCLO), 281

F

Facial profile, lateral, of Silver-Russell dwarf (Fitch and Pinsky) (BCLO), 827
Familial hypophosphatemic vitamin D–resistant rickets (Ward) (Letter), 337; (Stickler) (Reply), 337
neuroblastoma: report of kindred with high incidence of infantile tumors (Hardy and Nesbit), 74
Families with allergy, empiric risks for genetic counseling with (Lubs), 26
Family, three generations of, Noonan's syndrome (XX and XY Turner phenotype) in (Baird and De Jong) (BCLO), 110
Fanconi's anemia with isolated growth hormone deficiency (Zachman, Illig, and Prader) (Letter), 159
Febrile episodes, cardiac catheterization and (Gilladoga et al.), 215
Feeding infants during fluoroscopy, new device for (Becker and Genieser) (BCLO), 291
Fetal and infant livers, human, methylmalonyl CoA carbonylmutase activity in (Morrow et al.) (BCLO), 118
red blood cells in vivo, effect of light on (Blackburn, Orzalesi, and Pigram) (BCLO), 640
Fibrosis, cystic, and asthma, effects of ultrasonically nebulized distilled water on airway dynamics in children with (Barker and Levison), 396
deficiency of trypsin-like activity in saliva of patients with (Rao and Nadler), 573
Fistula, arteriovenous, congenital, of vertebral artery and internal jugular vein (Suen et al.) (BCLO), 837
Fluoride preparations, chewable, relative effectiveness of, with and without added vitamins: prophylaxis of dental caries (Hennon, Stookey, and Muhler) (BCLO), 1018
Fluoroscopy, new device for feeding infants during (Becker and Genieser) (BCLO), 291
Fontanels, large, in congenital hypothyroidism: potential clue toward earlier recognition (Smith and Popich), 753
range of normal size (Popich and Smith), 749
Furosemide, renal function response to, in children with acute glomerulonephritis, (Repetto et al.), 660

G

G-6-PD Charleston, chronic severe hemolytic anemia due to: new deficient variant (Beutler et al.), 1005
hemolytic anemia complicating diabetic ketoacidosis (Gellady and Greenwood) (BCLO), 1037
Galactosemia, study of erythrocyte life-span in, using Cr^{51} (Bajpai, Tripathi, and Agarwala) (BCLO), 835
Gangrene, peripheral, in newborn infant associated with renal and adrenal vein thrombosis (Valderrama, Gribetz, and Strauss) (BCLO), 101
Gasoline sniffing in children leading to severe burn injury (Schmitt, Goolishian, and Abston) (BCLO), 1021
Gastroenteritis, transmissible, in piglets: model of infantile viral diarrhea (Kelly, Butler, and Hamilton), 925
Genetic counseling and congenital heart disease (Reiss and Menashe) (BCLO), 655
in families with allergy, empiric risks for (Lubs), 26
Genital changes in congenital virilizing adrenal hyperplasia (Qazi and Thompson) (BCLO), 653
Genotypes, Tay-Sachs, urinary test for identification of (Navon and Padeh) (BCLO), 1026
Gentamicin, placental transfer of (Yoshioka, Monma, and Matsuda), 121
Gestation, varying stages in, with neonatal involvement, correlation of maternal cytomegalovirus infection during (Monif et al.), 17
Giardiasis, diagnosis and treatment of (Ament), 633
Glomerulonephritis, acute, renal functional response to furosemide in children with (Repetto et al.), 660
Glutathione, peroxidase, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to oxidative hemolysis, relationship between: red cell metabolism in iron deficiency anemia (Macdougall), 775

Glycogenosis IV: new cause of infantile hypotonia (Zellweger et al.) (BCLO), 842
Gonadal dysgenesis, aortic rupture in (Lippe and Kogut) (Letter), 895
function in mosaic XO/XY or XX/XY Turner's syndrome (Moshang et al.), 460
Gram-negative bacteria isolated from neonatal intestine, incidence of antibiotic resistance and R factors among (Dailey, Sturtevant, and Feary), 198
Granulomatous disease, chronic, of childhood with onset of symptoms at age 11 years (Sanders et al.) (BCLO), 104
thyrotoxicosis associated with Aspergillus thyroiditis in (Halazun, Anast, and Lukens) (BCLO), 106
reaction in infant with combined immunodeficiency disease and short-limbed dwarfism (Gotoff et al.), 1010
Growth, acceleration of, with combined vitamin D–phosphate therapy of hypophosphatemic resistant rickets (McEnery, Silverman, and West), 763
hormone deficiency, isolated, Fanconi's anemia with (Zachman, Illig, and Prader) (Letter), 159
human, low-dose, effect of, on carbohydrate metabolism in children with hypopituitarism (Costin, Kogut, and Frasier), 796
plasma, normal, and low serum sulfation factor, pseudohypopituitary dwarfism with (New et al.), 620
secretion in congenital adrenal hyperplasia, effect of cortisone therapy on diurnal pattern of (Vazquez, Schutt-Aine, and Kenny), 433
retardation and emotional deprivation: relative resistance to treatment with human growth hormone (Frasier and Rallison), 603
Gynecomastia, prepubertal male (August, Chandra, and Hung), 259

H

H. influenzae type B bactericidal antibodies, detection of (Szalay and Weinstein) (Letter), 1064; (Graber) (Reply), 1065; (Sell) (Comment), 1066
Hageman factor, speculation on cause of deficiency of (Edelson and Ballow) (Letter), 158
Handicaps, relationship of, to nursery routines: long-term follow-up studies of prematurely born infants (Lubchenco et al.), 501
Hearing loss, childhood, hereditary, and integumentary system disease (Konigsmark), 909
Heart disease, congenital, genetic counseling and (Reiss and Menashe) (BCLO), 655
oxygen consumption in infants with (Stocker et al.), 43
Heart—Cont'd
rate monitoring, needle electrodes for (Benda) (Letter), 160
Height variation, diurnal, in children (Strickland and Shearin) (BCLO), 1023
Hemiallogeneic bone marrow transplantation in child with severe combined immunodeficiency disease (Wu et al.), 441
Hemodialysis and renal homotransplantation, effect of: renal osteodystrophy in children (Fine et al.), 243
Hemolysis, oxidative, relationship between glutathione, peroxidase, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to: red cell metabolism in iron deficiency anemia (Macdougall), 775
Hemolytic anemia, chronic severe, due to G-6-PD Charleston: new deficient variant (Beutler et al.), 1005
G-6-PD, complicating diabetic ketoacidosis (Gellady and Greenwood) (BCLO), 1037
disease of newborn infant, current management of (Naiman), 1049
relationship of gender to (Parkman) (BCLO), 469
uremic syndrome (Lieberman), 1
Hemophilia, oral bleeding in: treatment with epsilon aminocaproic acid and replacement therapy (Corrigan), 124
Hemophilus influenzae, lack of immune response to: immune paralysis or immaturity? (South) (Editor's column), 348
meningitis, immunologic responses to (Norden et al.), 209
type b, acquisition of type-specific antibodies to (Greenfield et al.), 204
Hemorrhage, perinatal cerebral intraventricular (Harcke et al.), 37
Hepatic encephalopathy, evaluation of management of (Cohen and Litt), 851
Hepatitis-associated antigen in selected mothers and newborn infants (Keys et al.) (BCLO), 650
epidemic infectious, occurrence of, in chronic carriers of Australia antigen (Dietzman et al.), 577
Hereditary childhood hearing loss and integumentary system disease (Konigsmark), 909
spherocytosis, coexistent, in three siblings, homozygous sickle cell disease with (Maurer, Vilda, and Honig), 235
thrombocytopenia: relation to Wiskott-Aldrich syndrome with special reference to splenectomy (Weiden and Blaese), 226
tyrosinemia: metabolic studies in patient with partial p-hydroxyphenylpyruvate hydroxylase activity (Jagenburg et al.), 994
Hermaphroditism, true, diagnosis of (Librik and Clayton) (Letter), 1060
Hodgkin's disease, more on diagnosis of (Letter), 686; (Starling) (Reply), 687

Hodgkin's disease—Cont'd
in three children from Amish kindred (Halazun, Kerr, and Lukens) (BCLO), 289
Homotransplantation, renal, and hemodialysis, effect of: renal osteodystrophy in children (Fine et al.), 243
Homozygous sickle cell disease with coexistent hereditary spherocytosis in three siblings (Maurer, Vilda, and Honig), 235
Hormone, adrenocorticotropic, unresponsiveness: report of girl with excessive growth and review of 16 reported cases (Kershnar, Roe, and Kogut), 610
growth, deficiency, isolated, Fanconi's anemia with (Zachman, Illig, and Prader) (Letter), 159
human, low-dose, effect of, on carbohydrate metabolism in children with hypopituitarism (Costin, Kogut, and Frasier), 796
relative resistance to treatment with: growth retardation and emotional deprivation (Frasier and Rallison), 603
plasma, normal, and low serum sulfation factor, pseudohypopituitary dwarfism with (New et al.), 620
secretion in congenital adrenal hyperplasia, effect of cortisone therapy on diurnal pattern of (Vazquez, Schutt-Aine, and Kenny), 433
HPV-77DK12 rubella vaccine, recurrent joint symptoms in children vaccinated with (Spruance et al.), 413
Hutchinson-Gilford progeria syndrome (De Busk) (April, part 2), 697
Hyaline membrane disease: discussion (Auld, Hodson, and Usher), 129
Hydrocephalus and ventriculojugular shunts, shortened platelet lifespan in patients with: results of preliminary attempts at correction (Stuart et al.), 21
Hydrochloride, nortriptyline, ototoxic reaction associated with use of: case report (Smith, Reece, and Kauffman), 1046
Hydroxylase activity, partial p-hydroxyphenylpyruvate, metabolic studies in patient with: hereditary typrosinemia (Jagenburg et al.), 994
Hyperactive child, detection of (Mofenson, Greensher, and Horowitz) (Letter), 687
Hyperplasia, congenital adrenal, effect of cortisone therapy on diurnal pattern of growth hormone secretion in (Vazquez, Schutt-Aine, and Kenny), 433
virilizing adrenal, genital changes in (Qazi and Thompson) (BCLO), 653
Hypersensitivity, delayed, viral suppression of (Lischner) (Editor's column), 174
Hypertension in infancy, treatment of, with diazoxide: report of case with arrhythmia as complication of therapy (Maurer and Mirkin), 657
Hyperthyroidism in infant with McCune-Albright syndrome: report of case with myeloid metaplasia (Samuel et al.), 275
Hypertonic sodium bicarbonate solutions, acid-base effects of: commentary (Dell and Winters), 681
Hypocalcemia in infants of diabetic mothers (Tsang et al.), 384
Hypoglycemia controlled with diazoxide, beta cell adenoma in child with (Balsam et al.), 788
Hypoparathyroidism, primary, associated with ring chromosome 18 (Olambiowonnu, Ebbin, and Frasier) (BCLO), 833
Hypophosphatemic resistant rickets, acceleration of growth with combined vitamin D–phosphate therapy of (McEnery, Silverman, and West), 763
vitamin D–resistant rickets, familial (Ward) (Letter), 337; (Stickler) (Reply), 337
Hypopituitarism, children with, effect of low-dose human growth hormone on carbohydrate metabolism in (Costin, Kogut, and Frasier), 796
Hypothyroidism, congenital, large fantanels in: potential clue toward earlier recognition (Smith and Popich), 753
strabismus and (Kirkland et al.) (BCLO), 648
Hypotonia, infantile, new cause of: glycogenosis IV (Zellweger et al.) (BCLO), 842

I

IgG subclasses: development of serum concentrations in "normal" infants and children (Morell et al.), 960
Ileitis, ulcerative, chronic (Clark) (Letter), 529; (Spear) (Reply), 529
Immune response to Hemophilus influenzae, lack of: immune paralysis or immaturity? (South) (Editor's column), 348
Immunization, rubella, peripheral pain syndromes following (Cherry) (Editor's column), 541
Immunodeficiency disease, combined, and short-limbed dwarfism, granulomatous reaction in infant with (Gotoff et al.), 1010
severe combined, hemiallogeneic bone marrow transplantation in child with (Wu et al.), 441
macrophage function in (Gatti and Good) (BCLO), 285
Immunologic disorder, possible, incontinentia pigmenti (Honig and Miller) (Letter), 334
responses to Hemophilus influenzae meningitis (Norden et al.), 209
Incontinentia pigmenti—possible immunologic disorder (Honig and Miller) (Letter), 334
Infection(s), concomitant, with Mycoplasma pneumoniae, acute cerebellar ataxia and (Steele et al.) (BCLO), 467

Infection(s)—Cont'd
congenital cytomegalovirus, experimental use of cytosine arabinoside in (Kraybill et al.), 485
ECHO virus type 3, in children: clinical and laboratory studies (Haynes et al.), 589
Epstein-Barr virus, prospective study of, in acute lymphoblastic leukemia of childhood (Miller et al.), 932
local, and bacteremia from scalp vein needles and polyethylene catheters in children (Peter, Lloyd-Still, and Lovejoy), 78
maternal cytomegalovirus, correlation of, during varying stages in gestation with neonatal involvement (Monif et al.), 17
urinary tract, recurrent, in children, urologic aspects of (Stephens), 725
in infancy and childhood, studies of: eighty consecutive patients with neonatal infection (Bergström et al.), 858
Infectious hepatitis, epidemic, occurrence of, in chronic carriers of Australia antigen (Dietzman et al.), 577
Influenza B, outbreak of Reye's syndrome associated with (Reynolds et al.), 429
Influenzae, Hemophilus, type b, acquisition of type-specific antibodies to (Greenfield et al.), 204
type B bactericidal antibodies, detection of (Szalay and Weinstein) (Letter), 1064; (Graber) (Reply), 1065; (Sell) (Comment), 1066
lack of immune response to: immune paralysis or immaturity? (South) (Editor's column), 348
meningitis, immunologic responses to (Norden et al.), 209
Insecticide residues in human milk (Kroger), 401
Integumentary system disease, hereditary childhood hearing loss and (Konigsmark), 909
Interstitial pancreatitis in congenital rubella syndrome (Bunnell and Monif) (BCLO), 465
Intestinal lymphangiectasis, Noonan syndrome with (Vallet et al.), 269
resection, extensive, in newborn infants, factors correlating with successful outcome following (Wilmore), 88
Intestine, neonatal, incidence of antibiotic resistance and R factors among gram-negative bacteria isolated from (Dailey, Sturtevant, and Feary), 198
Iron deficiency anemia, red cell metabolism in: relationship between gluthathione, peroxidase, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to oxidative hemolysis (Macdougall), 775
fortified formulas in infancy: best form of iron supplementation? (Oski) (Letter), 524; (Pearson) (Reply), 524
supplementation of diet in full-term infants: controlled study (Fuerth), 974
Isoimmune neonatal neutropenia (Boxer, Yokoyama, and Lalezari), 783
Isosexual pseudoprecocity in 6-year-old boy with testicular interstitial cell adenoma (Root et al.), 264

J

Joint dislocations, multiple, in mother and child (Bartsocas and Dimitriou) (BCLO), 299
symptoms, recurrent, in children vaccinated with HPV-77DK12 rubella vaccine (Spruance et al.), 413
Jugular vein, internal, congenital arteriovenous fistula of vertebral artery and (Suen et al.) (BCLO), 837

K

Ketoacidosis, diabetic, G-6-PD hemolytic anemia complicating (Gellady and Greenwood) (BCLO), 1037
Klebsiella type 33 septicemia in an infant intensive care unit (Hable et al.), 920
Kleeblatschädel (cloverleaf) syndrome: severe form of Crouzon's disease? (Hall, Smith, and Shiller) (Letter), 526
Klinefelter's syndrome, cardiovascular malformations in: report of three cases (Rosenthal) (BCLO), 471
XXY, in childhood: detection and treatment (Caldwell and Smith), 250

L

Lead concentrations in newborn infant (Rajegowda, Glass, and Evans) (BCLO), 116
levels, blood, elevated, development of children with: controlled study (Kotok), 57
poisoning, simple rapid test for (McCabe and Challop) (Letter), 893; (Qazi) (Reply), 894; (Chisolm) (Reply), 894
Leiner's disease and deficiency of C5 (Miller and Koblenzer), 879
Leukemia, childhood, acute, constrictive esophagitis due to Candida albicans in (Pochedly, Reichmann, and Irwin) (Letter), 892
lymphoblastic, acute, of childhood, prospective study of Epstein-Barr virus infections in (Miller et al.), 932
patients with, antibody response in (Parker) (Letter), 891; (Ogra) (Reply), 892
presenting as aplastic anemia (Sturgeon) (Letter), 159; (Melhorn, Gross, and Newman) (Reply), 159
Leukemoid reaction, eosinophilic (Rickles and Miller), 418
Leukocytes of patients with osteogenesis imperfecta, metabolic studies of (Brown, Park, and Holmes), 221
conflicting results on metabolic studies of: notes on NBT test (Baehner) (Editor's column), 346

Listeria monocytogenes, influence of several antibiotics, singly and in combination, on growth of (Gordon, Barrett, and Clark), 667

Liver(s), human fetal and infant, methylmalonyl CoA carbonylmutase activity in (Morrow et al.) (BCLO), 118

human, phenobarbital-induced changes in NADPH-cytochrome c reductase and smooth endoplasmic reticulum in (Thaler, Dallman, and Goodman), 302

LSD, reaction to, in two-year-old child (Ianzito, Liskow, and Stewart) (BCLO), 643

Lumbar puncture in neonate (McEnery) (Letter), 338; (Greensher, Mofenson, and Borofsky) (Reply), 338

previous, epidermoid spinal cord tumors and (Shaywitz) (BCLO), 638

Lymphangiectasis, intestinal, Noonan syndrome with (Vallet et al.), 269

Lymphoblastic leukemia, acute, of childhood, prospective study of Epstein-Barr virus infections in (Miller et al.), 932

M

Macrophage function in severe combined immunodeficiency disease (Gatti and Good) (BCLO), 285

Malnutrition, protein-calorie, clinical significance of muscle potassium depletion in (Nichols et al.), 319

Marfan syndrome, more speculation on (McKusick) (Letter), 530; (Traisman) (Letter), 530; (Bianchine) (Reply), 530

Maroteaux-Lamy syndrome (mucopolysaccharidosis VI), distinct biochemical deficit in (Barton and Neufeld) (BCLO), 114

Marrow, bone, transplantation, hemiallogeneic, in child with severe combined immunodeficiency disease (Wu et al.), 441

Maternal barbiturate utilization and neonatal withdrawal symptomology (Desmond et al.), 190

cytomegalovirus infection, correlation of, during varying stages in gestation with neonatal involvement (Monif et al.), 17

Maternofetal transfusion, ABO-incompatible, transfusion reaction following (Wong and Chan) (BCLO), 479

McCune-Albright syndrome, hyperthyroidism in infant with: report of case with myeloid metaplasia (Samuel et al.), 275

Measles vaccine and transplantation in children (Kouvalainen) (Letter), 1061

Mellitus, diabetes, infancy-onset, and multiple epiphyseal dysplasia (Wolcott and Rallison) (BCLO), 291

permanent, in neonate (Gairdner and Gandy) (Letter), 334

Menetrier's disease in childhood (Caplan) (Letter), 340; (Sandberg) (Reply), 341

Meningitis, Hemophilus influenzae, immunologic responses to (Norden et al.), 209

Metabolic studies of leukocytes of patients with osteogenesis imperfecta (Brown, Park, and Holmes), 221

conflicting results on: notes on NBT test (Baehner) (Editor's column), 346

in patient with partial p-hydroxyphenylpyruvate hydroxylase activity: hereditary tyrosinemia (Jagenburg et al.), 994

Metabolism, carbohydrate, effect of low-dose human growth hormone on, in children with hypopituitarism (Costin, Kogut, and Frasier), 796

drug, evidence for: plasma disappearance of nortriptyline in newborn infant following placental transfer from intoxicated mother (Sjöqvist et al.), 496

red cell, in iron deficiency anemia: relationship between glutathione, peroxidase, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to oxidative hemolysis (Macdougall), 775

Metaplasia, myeloid, report of case with: hyperthyroidism in infant with McCune-Albright syndrome (Samuel et al.), 275

Methylmalonic aciduria, screening test for, utilizing urine-impregnated filter paper samples (Carpenter, Maddux, and Carter) (BCLO), 108

Methylmalonyl CoA carbonylmutase activity in human fetal and infant livers (Morrow et al.) (BCLO), 118

Micturition, delayed, in newborn period (Moore and Galvez), 867

Mosaic XO/XY or XX/XY Turner's syndrome, gonadal function in (Moshang et al.), 460

Mosaicism, chromosomal, pitfalls in prenatal diagnosis resulting from (Kardon et al.) (BCLO), 297

Mucopolysaccharidosis VI, Maroteaux-Lamy syndrome, distinct biochemical deficit in (Barton and Neufeld) (BCLO), 114

Mumps vaccine virus, live attenuated, effect on expression of tuberculin sensitivity (Berkovich et al.), 84

Muscle-potassium depletion in protein-calorie malnutrition, clinical significance of (Nichols et al.), 319

Mycoplasma pneumoniae, acute cerebellar ataxia and concomitant infection with (Steele et al.) (BCLO), 467

Myeloid metaplasia, report of case with: hyperthyroidism in infant with McCune-Albright syndrome (Samuel et al.), 275

Myeloradiculoneuritis, rubella vaccine (Gilmartin, Jabbour, and Duenas), 406

N

NADPH-cytochrome c reductase and smooth endoplasmic reticulum in human liver, phenobarbital induced changes in (Thaler, Dallman, and Goodman), 302

NBT test, notes on: conflicting results on metabolic studies of leukocytes from patients with osteogenesis imperfecta (Baehner) (Editor's column), 346

Neck, radiographs of, in differential diagnosis of croup syndrome, simplicity and reliability of: diagnosis of epiglottitis (Rapkin) (BCLO), 96

Negro children, low-income, advanced skeletal development in (Garn et al.), 965

Nephritic factor, C3, and membranoproliferative nephritis: correlation of serum levels of nephritic factor with C3 levels, with therapy, and with progression of disease (Vallota et al.), 947

Nephritis, membranoproliferative, C3 nephritic factor and: correlation of serum levels of nephritic factor with C3 levels, with therapy, and with progression of disease (Vallota et al.), 947

Nephroma, congenital, of infancy: induction of renal structures by organ culture (Crocker and Vernier), 69

Nephrosis with cardiac and pulmonary complications (Cooke, Spear, and Dorst), 881

Neuroblastoma, familial: report of kindred with high incidence of infantile tumors (Hardy and Nesbit), 74

Neurofibromatosis (Recklinghausen's disease), bilateral renal artery stenosis in association with: report of two cases (Grad and Rance), 804

Neurologic manifestations of embryonal rhabdomyosarcoma of the middle ear cleft (Leviton, Davidson, and Gilles), 596

Neutropenia, neonatal, isoimmune (Boxer, Yokoyama, and Lalezari), 783

New books received, 331

Noonan's syndrome, dental anomalies in (Szalay and Weinstein) (Letter), 1069; (Baird and De Jong) (Reply), 1069

with intestinal lymphangiectasis (Vallet et al.), 269

(XX and XY Turner phenotype) in three generations of family (Baird and De Jong) (BCLO), 110

Nortriptyline hydrochloride, ototoxic reaction associated with use of: case report (Smith, Reece, and Kauffman), 1046

plasma disappearance of, in newborn infant following placental transfer from intoxicated mother: evidence for drug metabolism (Sjöqvist et al.), 496

Nutrition, long-term parenteral, copper deficiency in (Karpel and Peden), 32

O

Obesity, adolescent, interdisciplinary study of (Hammar et al.), 373

Oral bleeding in hemophilia: treatment with epsilon aminocaproic acid and replacement therapy (Corrigan), 124

Oscilloscope monitor in newborn infant, early detection of pneumothorax by (Merenstein, Dougherty, and Lewis) (BCLO), 98

Osteodystrophy, renal, in children: effect of hemodialysis and renal homotransplantation (Fine et al.), 243

Osteogenesis imperfecta, conflicting results on metabolic studies of leukocytes from patients with: notes on NBT test (Baehner) (Editor's column), 346

metabolic studies of leukocytes of patients with (Brown, Park, and Holmes), 221

tarda, effects of porcine calcitonin in (Castells et al.), 757

Otitis media, positional (Nixon) (Letter), 687; (Beauregard) (Reply), 688

Ototoxic reaction associated with use of nortriptyline hydrochloride: case report (Smith, Reece, and Kauffman), 1046

Oxidative hemolysis, relationship between glutathione, peroxidase, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to: red cell metabolism in iron deficiency anemia (Macdougall), 775

Oxygen administration for neonatal intensive care (Deaton, Bentley, and Ahlgren) (BCLO), 1039

consumption in infants with heart disease (Stocker et al.), 43

therapy for premature infants: different approach (Prudent and Driscoll), 314

use of, in neonatal units (Auld), 317

P

Pacemaker, ectopic, atrial tachycardia with exit block around, in otherwise healthy infant (Miroski and Rowe), 457

Pancreatitis, interstitial, in congenital rubella syndrome (Bunnell and Monif) (BCLO), 465

Papilloma, choroid plexus, mimicking degenerative brain disease in childhood (Platt and Rosman) (BCLO), 483

Paralysis, immune, or immaturity: lack of immune response to Hemophilus influenzae (South) (Editor's column), 348

Parenteral nutrition, long-term, copper deficiency in (Karpel and Peden), 32

Pepsinogen 7 as indicator of neonatal maturity: preliminary studies (Townes and Ferrari), 815

Perinatal cerebral intraventricular hemorrhage (Harcke et al.), 37

Peroxidase, glutathione, catalase, serum vitamin E, and susceptibility of iron-deficient red cells to oxidative hemolysis, relationship between: red cell metabolism in iron deficiency anemia (Macdougall), 775

Phagocytosis, defective, new syndrome with: tuftsin deficiency (Constantopoulos, Najjar, and Smith), 564
Pharyngitis, streptococcal, treatment of: cephalexin (Azimi et al.), 1042
Phenobarbital-induced changes in NADPH-cytochrome c reductase and smooth endoplasmic reticulum in human liver, (Thaler, Dallman, and Goodman), 302
Phenotype, Turner, XX and XY, in three generations of family, Noonan's syndrome (Baird and De Jong) (BCLO), 110
Phosphate, vitamin D–, therapy, combined, of hypophosphatemic resistant rickets, acceleration of growth with (McEnery, Silverman and West), 763
Phototherapy in ABO incompatibility (Pildes) (Letter), 1063; (Sisson) (Reply), 1063; (Kaplan) (Reply), 1064
p-Hydroxyphenylpyruvate hydroxylase activity, partial, metabolic studies in patient with: hereditary tyrosinemia (Jagenburg et al.), 994
Pigmenti, incontinentia—possible immunologic disorder (Honig and Miller) (Letter), 334
Placental transfer from intoxicated mother, plasma disappearance of nortriptyline in newborn infant following: evidence for drug metabolism (Sjöqvist et al.), 496
of gentamicin (Yoshioka, Monma, and Matsuda), 121
Plasma disappearance of nortriptyline in newborn infant following placental transfer from intoxicated mother: evidence for drug metabolism (Sjöqvist et al.), 496
growth hormone, normal, and low serum sulfation factor, pseudohypopituitary dwarfism with (New et al.), 620
Platelet(s) lifespan, shortened, in patients with hydrocephalus and ventriculojugular shunts: results of preliminary attempts at correction (Stuart et al.), 21
of neonates, aggregation of, more on effects of antenatally administered aspirin on (Casteels-Van Daele et al.) (Letter), 685
Plexus, choroid, papilloma, mimicking degenerative brain disease in childhood (Platt and Rosman) (BCLO), 483
Pneumoniae, Mycoplasma, acute cerebellar ataxia and concomitant infection with (Steele et al.) (BCLO), 467
Pneumothorax, early detection of, by oscilloscope monitor in newborn infant (Merenstein, Dougherty, and Lewis) (BCLO), 98
Poisoning, lead, simple rapid test for (McCabe and Challop) (Letter), 893; (Qazi) (Reply), 894; (Chisolm) (Reply), 894
Polyarteritis nodosa diagnosed by renal arteriography (McLain, Bookstein, and Kelsch) (BCLO), 1032
Polyethylene catheters in children, local infection and bacteremia from scalp vein needles and (Peter, Lloyd-Still, and Lovejoy), 78
Porcine calcitonin, effects of, in osteogenesis imperfecta tarda (Castells et al.), 757
Potassium depletion, muscle, in protein-calorie malnutrition, clinical significance of (Nichols et al.), 319
Prematurely born infants, long-term follow-up studies of: relationship of handicaps to nursery routines (Lubchenco et al.), 501
Birth weight and gestational age, influence of, on sequelae (Lubchenco, Delivoria-Papadopoulos, and Searls), 509
(James), 513
Progeria syndrome, Hutchinson-Gilford (DeBusk) (April, part 2), 697
Promethazine, encephalitic reaction to (Fisher) (Letter), 896
Protein-calorie malnutrition, clinical significance of muscle potassium depletion in (Nichols et al.), 319
Proteinosis, pulmonary alveolar, and pulmonary cryptococcosis in adolescent boy (Sunderland, Campbell, and Edwards), 450
pulmonary lavage for (Mazyck et al.) (BCLO), 839
Pseudohypopituitary dwarfism with normal plasma growth hormone and low serum sulfation factor (New et al.), 620
Pseudoprecocity, isosexual, in 6-year-old boy with testicular interstitial cell adenoma (Root et al.), 264
Psychiatric clinic, chromosome findings in 700 children referred to (Crandall, Carrel, and Sparkes), 62
Pubertal, pre-, male gynecomastia (August, Chandra, and Hung), 259
Pulmonary alveolar proteinosis and pulmonary cryptococcosis in adolescent boy (Sunderland, Campbell, and Edwards), 450
artery band, endoarteritis inside (Carpenter, Hendley, and Dammann) (BCLO), 1030
and cardiac complications, nephrosis with (Cooke, Spear, and Dorst), 881
lavage for childhood pulmonary alveolar proteinosis (Mazyck et al.) (BCLO), 839

R

Raynaud's phenomenon in an infant (Krieger and Brough), 145
Reading materials, fewer but better (Greenwald) (Letter), 157; (Nelson) (Reply), 157
Recklinghausen's disease, neurofibromatosis, bilateral renal artery stenosis in association with: report of two cases (Grad and Rance), 804

Reductase, cytochrome c, NADPH-, and smooth endoplasmic reticulum in human liver, phenobarbital-induced changes in (Thaler, Dallman, and Goodman), 302
Reflux, urinary, via vas deferens: unusual cause of epididymitis in infancy (Kiviat, Shurtleff, and Ansell) (BCLO), 476
Renal and adrenal vein thrombosis, peripheral gangrene in newborn infant associated with (Valderrama, Gribetz, and Strauss) (BCLO), 101
arteriography, polyarteritis nodosa diagnosed by (McLain, Bookstein, and Kelsch) (BCLO), 1032
artery stenosis, bilateral, in association with neurofibromatosis (Recklinghausen's disease): report of two cases (Grad and Rance), 804
disease in Russell-Silver syndrome (Haslam, Berman, and Derivan) (Letter), 1062; (Smith, Gareis, and Summitt) (Reply), 1062
functional response to furosemide in children with acute glomerulonephritis (Repetto et al.), 660
osteodystrophy in children: effect of hemodialysis and renal homotransplantation (Fine et al.), 243
structures, induction of, by organ culture: congenital nephroma of infancy (Crocker and Vernier), 69
tubular acidosis in infants and children (Nash et al.), 738
Renin-angiotensin system in newborn infants, study of (Kotchen et al.), 938
Residencies and fellowships, 177
Residents, pediatric, and their training programs, evaluation of (Burg and Wright), 183
Reticulum, endoplasmic, smooth, in human liver, phenobarbital-induced changes in NADPH-cytochrome c reductase (Thaler, Dallman, and Goodman), 302
Reye's syndrome: relation of outcome to therapy (Huttenlocher), 845
outbreak of, associated with influenza B (Reynolds et al.), 429
Rhabdomyosarcoma, embryonal, of the middle ear cleft, neurologic manifestations of (Leviton, Davidson, and Gilles), 596
Rickets, familial hypophosphatemic vitamin D–resistant (Ward) (Letter), 337; (Stickler) (Reply), 337
hypophosphatemic resistant, acceleration of growth with combined vitamin D–phosphate therapy of (McEnery, Silverman, and West), 763
Rubella, congenital, suppression of antibody response in (Michaels), 583
immunization, peripheral pain syndromes following (Cherry) (Editor's column), 541
syndrome, congenital, interstitial pancreatitis in (Bunnell and Monif) (BCLO), 465
Rubella—Cont'd
vaccine, HPV-77DK12, recurrent joint symptoms in children vaccinated with (Spruance et al.), 413
myeloradiculoneuritis (Gilmartin, Jabbour, and Duenas), 406
Russell dwarf versus Silver syndrome (Szalay) (Letter), 1066; (Smith, Gareis, and Summitt) (Reply), 1068
Silver syndrome, renal disease in (Haslam, Berman, and Derivan) (Letter), 1062; (Smith, Gareis, and Summitt) (Reply), 1062

S

Saliva of patients with cystic fibrosis, deficiency of trypsin-like activity in (Rao and Nadler), 573
Scalp vein needles and polyethylene catheters in children, local infection and bacteremia from (Peter, Lloyd-Still, and Lovejoy), 78
Septicemia, Klebsiella type 33, in an infant intensive care unit (Hable et al.), 920
Serum concentrations, development of, in "normal" infants and children: IgG subclasses (Morell et al.), 960
sulfation factor, low, pseudohypopituitary dwarfism with normal plasma growth hormone and (New et al.), 620
vitamin E, glutathione, peroxidase, catalase, and susceptibility of iron-deficient red cells to oxidative hemolysis, relationship between: red cell metabolism in iron deficiency anemia (Macdougall), 775
Shunts, ventriculojugular, and hydrocephalus, shortened platelet lifespan in patients with: results of preliminary attempts at correction (Stuart et al.), 21
Siblings, three, homozygous sickle cell disease with coexistent hereditary spherocytosis in (Maurer, Vilda, and Honig), 235
Sickle cell disease, homozygous, with coexistent hereditary spherocytosis in three siblings (Maurer, Vilda, and Honig), 235
in newborn infant, diagnosis of (Huntsman, Metters, and Yawson) (BCLO), 279
Silver-Russell dwarf, lateral facial profile of (Fitch and Pinsky) (BCLO), 827
Silver syndrome, Russell dwarf versus (Szalay) (Letter), 1066; (Smith, Gareis, and Summitt) (Reply), 1068
Skeletal development, advanced, in low-income Negro children (Garn et al.), 965
Sodium bicarbonate solutions, hypertonic, acid-base effects of: commentary (Dell and Winters), 681
Spherocytosis, hereditary, coexistent, in three siblings, homozygous sickle cell disease with (Maurer, Vilda, and Honig), 235

Spider, brown, bite, fatal (necrotic arachnidism), disseminated intravascular coagulopathy following (Vorse et al.) (BCLO), 1035
Spinal cord tumors, epidermoid, and previous lumbar punctures (Shaywitz) (BCLO), 638
Splenectomy, relation to Wiskott-Aldrich syndrome with special reference to: hereditary thrombocytopenia (Welden and Blaese), 226
Stenosis, bilateral renal artery, in association with neurofibromatosis (Recklinghausen's disease): report of two cases (Grad and Rance), 804
Strabismus and congenital hypothyroidism (Kirkland et al.) (BCLO), 648
Streptococcal pharyngitis, treatment of: cephalexin (Azimi et al.), 1042
Sulfation factor, serum, low, pseudohypopituitary dwarfism with normal plasma growth hormone and (New et al.), 620
Syndrome(s), atypical malformation (Pinsky and Fraser), 141
  congenital rubella, interstitial pancreatitis in (Bunnell and Monif) (BCLO), 465
  croup, simplicity and reliability of radiographs of neck in differential diagnosis of: diagnosis of epiglottitis (Rapkin) (BCLO), 96
  hemolytic-uremic (Lieberman), 1
  Hutchinson-Gilford progeria (DeBusk) (April, part 2), 697
  Kleebslattschädel (cloverleaf): severe form of Crouzon's disease? (Hall, Smith, and Shiller) (Letter), 526
  Klinefelter's, cardiovascular malformations in: report of three cases (Rosenthal) (BCLO), 471
    XXY, in childhood: detection and treatment (Caldwell and Smith), 250
  Marfan, more speculation on (McKusick) (Letter), 530; (Traisman) (Letter), 530; (Bianchine) (Reply), 530
  Maroteaux-Lamy (mucopolysaccharidosis VI), distinct biochemical deficit in (Barton and Neufeld) (BCLO), 114
  McCune-Albright, hyperthyroidism in infant with: report of case with myeloid metaplasia (Samuel et al.), 275
  new, with defective phagocytosis: tuftsin deficiency (Constantopoulos, Najjar, and Smith), 564
  Noonan's, dental anomalies in (Szalay and Weinstein) (Letter), 1069; (Baird and De Jong) (Reply), 1069
    with intestinal lymphangiectasis (Vallet et al.), 269
    (XX and XY Turner phenotype), in three generations of family (Baird and De Jong) (BCLO), 110
  peripheral pain, following rubella immunization (Cherry) (Editor's column), 541
  Reye's, outbreak of, associated with influenza B (Reynolds et al.), 429
Syndrome—Cont'd
  relation of outcome to therapy (Huttenlocher), 845
  Russell-Silver, renal disease in (Haslam, Berman, and Derivan) (Letter), 1062; (Smith, Gareis, and Summitt) (Reply), 1062
  Silver, Russell dwarf versus (Szalay) (Letter), 1066; (Smith, Gareis, and Summitt) (Reply), 1068
  Turner's, mosaic XO/XY or XX/XY, gonadal function in (Moshang et al.), 460
  Wiskott-Aldrich, relation to, with special reference to splenectomy: hereditary thrombocytopenia (Weiden and Blaese), 226
Systolic blood pressure measurement in newborn infant with transcutaneous Doppler method (Kirkland and Kirkland), 52

T

Tachycardia, atrial, with exit block around ectopic pacemaker in otherwise healthy infant (Mirowski and Rowe), 457
Tay-Sachs genotypes, urinary test for identification of (Navon and Padeh) (BCLO), 1026
Test, NBT, notes on: conflicting results on metabolic studies of leukocytes from patients with osteogenesis imperfecta (Baehner) (Editor's column), 346
  screening, for methylmalonic aciduria utilizing urine-impregnated filter paper samples (Carpenter, Maddux, and Carter) (BCLO), 108
Testicular interstitial cell adenoma, isosexual pseudoprecocity in 6-year-old boy with (Root et al.), 264
Thrombocytopenia, hereditary: relation to Wiskott-Aldrich syndrome with special reference to splenectomy (Weiden and Blaese), 226
Thrombophlebitis in 8-year-old girl (Marks and Sussman) (Letter), 336
Thrombosis, vein, renal and adrenal, peripheral gangrene in newborn infant associated with (Valderrama, Gribetz, and Strauss) (BCLO), 101
Thyroid in treatment of short stature (Hermosa and Sobel), 988
Thyroiditis, Aspergillus, in chronic granulomatous disease, thyrotoxicosis associated with (Halazun, Anast, and Lukens) (BCLO), 106
Thyrotoxicosis associated with Aspergillus thyroiditis in chronic granulomatous disease (Halazun, Anast, and Lukens) (BCLO), 106
Training programs, evaluation of pediatric residents and their (Burg and Wright), 183
Transfusion reaction following ABO-incompatible maternofetal transfusion (Wong and Chan) (BCLO), 479

Transplantation in children, measles vaccine and (Kouvalainen) (Letter), 1061
Triglycerides, medium-chain, in biliary atresia (Roy and Weber) (Letter), 528; (Cohen and Gartner) (Reply), 528
Trypsin-like activity, deficiency of, in saliva of patients with cystic fibrosis (Rao and Nadler), 573
Tuberculin sensitivity, effect of live attenuated mumps vaccine virus on expression of (Berkovich et al.), 84
Tuftsin deficiency: new syndrome with defective phagocytosis (Constantopoulos, Najjar, and Smith), 564
Tumors, epidermoid spinal cord, and previous lumbar punctures (Shaywitz) (BCLO), 638
infantile, report of kindred with high incidence of: familial neuroblastoma (Hardy and Nesbit), 74
Turner phenotype, XX and XY in three generations of family, Noonan's syndrome (Baird and De Jong) (BCLO), 110
syndrome, mosaic XO/XY or XX/XY, gonadal function in (Moshang et al.), 460
Tyrosinemia, hereditary: metabolic studies in patient with partial p-hydroxyphenylpyruvate hydroxylase activity (Jagenburg et al.), 994

U

Ulcerative colitis, chronic, onset of, during varicella (Keating, Ternberg, and Khodadoust) (Letter), 684
ileitis, chronic (Clark) (Letter), 529; (Spear) (Reply), 529
Umbilical vessel catheterization: indications, management, and evaluation of technique (Symansky and Fox), 820
Ureter, giant ectopic, presenting as abdominal mass in newborn infant (Uson, Womack, and Berdon) (BCLO), 473
Urinalert: neonatal alarm system for timed urinary collections (Tsang et al.), 311
Urinary collections, timed, neonatal alarm system for: urinalert (Tsang et al.), 311
reflux via vas deferens: unusual cause of epididymitis in infancy (Kiviat, Shurtleff, and Ansell) (BCLO), 476
test for identification of Tay-Sachs genotypes (Navon and Padeh) (BCLO), 1026
tract infections in infancy and childhood, studies of eighty consecutive patients with neonatal infection (Bergström et al.), 858
recurrent, in children, urologic aspects of (Stephens), 725
Urine-impregnated filter paper samples, screening test for methylmalonic aciduria utilizing (Carpenter, Maddux, and Carter) (BCLO), 108

V

Vaccine, measles, and transplantation in children (Kouvalainen) (Letter), 1061
Vaccine—Cont'd
rubella, HPV-77DK12, recurrent joint symptoms in children vaccinated with (Spruance et al.), 413
myeloradiculoneuritis (Gilmartin, Jabbour, and Duenas), 406
virus, mumps, live attenuated effect on expression of tuberculin sensitivity (Berkovich et al.), 84
Varicella, onset of chronic ulcerative colitis during (Keating, Ternberg, and Khadadoust) (Letter), 684
Vas deferens, urinary reflux via: unusual cause of epididymitis in infancy (Kiviat, Shurtleff, and Ansell) (BCLO), 476
Vascular, intra-, coagulopathy disseminated, following fatal brown spider bite (necrotic arachnidism) (Vorse et al.) (BCLO), 1035
Vein, jugular, internal, congenital arteriovenous fistula of vertebral artery and (Suen et al.) (BCLO), 837
scalp, needles, and polyethylene catheters in children: local infection and bacteremia from (Peter, Lloyd-Still, and Lovejoy), 78
thrombosis, renal and adrenal, peripheral gangrene in newborn infant associated with (Valderrama, Gribetz, and Strauss) (BCLO), 101
Venous, intra-, alimentation in pediatric patients (Heird et al.), 351
Ventricular, intra-, hemorrhage, perinatal cerebral (Harcke et al.), 37
Ventriculojugular shunts and hydrocephalus, shortened platelet lifespan in patients with: results of preliminary attempts at correction (Stuart et al.), 21
Vertebral artery, congenital arteriovenous fistula of, and internal jugular vein (Suen et al.) (BCLO), 837
Viral diarrhea, infantile, model of; transmissible gastroenteritis in piglets (Kelly, Butler, and Hamilton), 925
suppression of delayed hypersensitivity (Lischner) (Editor's column), 174
Virus, ECHO, type 3 infections in children: clinical and laboratory studies (Haynes et al.), 589
Epstein-Barr, in infancy (Shapiro et al.), (BCLO), 1025
infections, Epstein-Barr, prospective study of, in acute lymphoblastic leukemia of childhood (Miller et al.), 932
live attenuated mumps vaccine, effect on expression of tuberculin sensitivity (Berkovich et al.), 84
Vitamin(s), added, relative effectiveness of chewable fluoride preparations with and without: prophylaxis of dental caries (Hennon, Stookey, and Muhler) (BCLO), 1018
D-phosphate therapy, combined, of hypophosphatemic resistant rickets, acceleration of growth with (McEnery, Silverman, and West), 763

Vitamin(s)—Cont'd
resistant rickets, familial hypophosphatemic (Ward) (Letter), 337; (Stickler) (Reply), 337
E, serum, glutathione, peroxidase, catalase, and susceptibility of iron-deficient red cells to oxidative hemolysis, relationship between: red cell metabolism in iron deficiency anemia (Macdougall), 775

W

Wiskott-Aldrich syndrome, relation to, with special reference to splenectomy: hereditary thrombocytopenia (Weiden and Blaese), 226
Wright, Stanley W. (1921—1971): in recognition of an unfinished career (Nelson) (Editor's column), 539

*Subject index**

A

Aarskog syndrome (Furukawa, Hall, and Smith), 1117

Abstracts, Latin American Society for Pediatric Research, December 6-8, 1971, Caiobá, Paraná, Brazil, 399

Midwest Society for Pediatric Research, November 3-4, 1971, Ann Arbor, Mich., 175

Achalasia, cricopharyngeal, as cause of respiratory distress in infancy (Blank and Silbiger) (BCLO), 95

Acid(s), amino, chromatography, ampicillin and (Stegink et al.) (Letter), 1214; (Nyhan et al.) (Comment), 1215

fetal, "justification," genetic failure of: common basis for many forms of metabolic, nutritional, and "nonspecific" mental retardation (Bessman), 834

bile, metabolism, hyperbilirubinemia, and microsomal enzyme activity in chronic intrahepatic cholestasis of childhood, effect of phenobarbital on (Sharp and Mirkin), 116

progressive familial cholestatic cirrhosis and (Williams et al.), 493

delta aminolevulinic, urinary excretion of, after discontinuance of therapy for lead poisoning (Vitale et al.) (BCLO), 977

fatty, essential, deficiency in infant receiving prolonged parenteral alimentation (Caldwell, Jonsson, and Othersen), 894

homovanillic, benign pheochromocytoma associated with elevated excretion of (Gitlow et al.), 1112

L-amino, synthetic, hyperammonemia resulting from intravenous alimentation using mixture of: preliminary report (Heird et al.), 162

Acidemia, propionic, excretion of tiglylglycine in (Rasmussen et al.), 970

Acidosis, neonatal, in low-birth-weight infants, early versus late treatment of: relation to respiratory distress syndrome (Hobel et al.), 1178

and respiratory distress syndrome in preterm infant: role of early pH correction with bicarbonate (Sinclair), 1188

ACTH deficiency, familial moniliasis, defective delayed hypersensitivity, and (Neeman) (Letter), 198; (Castells) (Reply), 198

Addiction, heroin, maternal, effect on neonatal jaundice (Nathenson et al.), 899

Addison's disease and diabetes mellitus (Kogut and Brinegar), 307

Adipose tissue cellular development, problem in: obesity in childhood (Knittle), 1048

Adolescent boys, gonorrhea as cause of asymptomatic pyuria in (Dawar and Hellerstein) (BCLO), 357

drug-using, liver disease in (Litt et al.), 238

pre-, and young adolescent urban black Americans, prevalence of anemia among (Brown et al.), 714

Adrenal hyperplasia, congenital, salt-losing, hypertension secondary to excessive desoxycorticosterone implants or 9-alpha fluorocortisol in (Vazquez and Kenny) (BCLO), 549

study of renin-aldosterone system in (Strickland and Kotchen), 962

response to physical stress and effect of adrenocorticotropic hormone in newborn infants (Gutai et al.), 719

Adrenocortical unresponsiveness, hereditary, to adrenocorticotropic hormone (Kelch et al.), 726

Adrenocorticosteroid treatment of hydrocarbon pneumonia in children, cooperative study (Marks et al.), 366

Adrenocorticotropic hormone, adrenal response to physical stress and effect of, in newborn infants (Gutai et al.), 719

hereditary adrenocortical unresponsiveness to (Kelch et al.), 726

Aldosterone, renin-, system in congenital adrenal hyperplasia, study of (Strickland and Kotchen), 962

Alimentation, intravenous (Babson and Benda) (Letter), 190; (Heird et al.) (Reply), 191

total, continuous nasogatric infusion versus (Landwirth) (Letter), 1037; (Heird et al.) (Reply), 1038

a foreword (Behrman), 127

in low-birth-weight infants: preliminary report (Driscoll et al.), 145

using mixture of synthetic L-amino acids, hyperammonemia resulting from: preliminary report (Heird et al.), 162

parenteral, hypercalcemia as complication of (Ulstrom and Brown) (Letter), 419; (Stegink and Baker) (Reply), 421

prolonged, essential fatty acid deficiency in infant receiving (Caldwell, Jonsson, and Othersen), 894

Alkaline phosphatase, phenobarbital and: preliminary report (Thurmon, Robertson, and Anderson) (BCLO), 547

*July, pp. 1-204; August, pp. 205-430; September, pp. 431-684; October, pp. 685-866; November, pp. 867-1044; December, pp. 1045-1266.

Amino acid(s) chromatography, ampicillin and (Stegink et al.) (Letter), 1214; (Nyhan et al.) (Comment), 1215
fetal, "justification," gentic failure of: common basis for many forms of metabolic, nutritional, and "nonspecific" mental retardation (Bessman), 834
L-, synthetic, hyperammonemia resulting from intravenous alimentation using mixture of: preliminary report (Heird et al.), 162
Aminolevulinic acid, delta, urinary excretion of, after discontinuance of therapy for lead poisoning (Vitale et al.) (BCLO), 977
Ampicillin and amino acid chromatography (Stegink et al.) (Letter), 1214; (Nyhan et al.) (Comment), 1215
Anaphylactoid purpura nephritis: clinicopathological correlations (Hurley and Drummond), 904
Anemia, aplastic, leukemia presenting as (Ozsoylu and Hicsonmez) (Letter), 187
chronic, hypoferremia, and hypergammaglobulinemia, angiomatous lymphoid hamartoma associated with (Boxer et al.), 66
congenital hypoplastic, in half brothers, occurrence of (Hunter and Hakami) (BCLO), 346
prevalence of, among preadolescent and young adolescent urban black Americans (Brown et al.), 714
Aneurysm of pulmonary artery, tetralogy of Fallot with absent pulmonary valve and: report of two cases presenting as obstructive lung disease (Bove et al.) (BCLO), 339
Angiomatous lymphoid hamartoma associated with chronic anemia, hypoferremia, and hypergammaglobulinemia (Boxer et al.), 66
Anguli oris muscle, depressor, congenital hypoplasia of: differentiation from congenital facial palsy (Nelson and Eng), 16
Antibiotic(s) in cystic fibrosis, use of (Boxerbaum, Doershuk, and Matthews) (Letter), 188
management of Hemophilus influenzae meningitis, 12 year review of (Barrett et al.), 370
various, susceptibility of enteropathogenic E. coli to (Nicolopoulos and Arseni) (Letter), 426; (McCracken) (Reply), 427
Antigen, hepatitis-associated: possible relationship to premature delivery (Smithwick, Pascual, and Go) (BCLO), 537
mumps virus skin test, and cutaneous delayed hypersensitivity, correlation between potency of (Dufour, Arce, and St. Geme), 742
Anus, imperforate, with hand, foot, and ear anomalies, hereditary syndrome of (Townes and Brocks), 321
Aortic tributaries, major, in newborn infant, radiologic localization of (Phelps et al.) (BCLO), 336
Aplastic anemia, leukemia presenting as (Ozsoylu and Hicsonmez) (Letter), 187
Arabinoside, cytosine, uncertain role of, in varicella infection of compromised hosts (Stevens and Merigan), 562
Arterial catheterization in infants (Henry, Hoeffel, and Pernot) (Letter), 626
Arteriotomies, effect of topical papaverine in preventing thrombosis following (Padmanabhan et al.) (BCLO), 792
Artery, pulmonary, aneurysm of, tetralogy of Fallot with absent pulmonary valve and: report of two cases presenting as obstructive lung disease (Bove et al.) (BCLO), 339
subclavian steal, congenital (Sunderland et al.), 927
Arthritis, candidiasis, and meningitis, neonatal: observations and review of literature (Klein, Yamauchi, and Horlick), 31
and immunodeficiency (McLaughlin, Schaller, and Wedgwood) (BCLO), 801
as presenting manifestation of malignancy in children (Schaller) (BCLO), 793
Arthrogryposis multiplex congenita, myopathic variety of: disorder with autosomal recessive inheritance (Der Kaloustian, Afifi, and Mire), 76
Ascariasis, neonatal (Chu et al.) (BCLO), 783
Asparaginase, L-, therapy in acute leukemia, transient diabetes mellitus secondary to (Gillette et al.) (BCLO), 109
diabetes mellitus secondary to (Jaffe) (Letter), 1220
Asplenia syndrome: review of significant extracardiac structural abnormalities in 29 necropsied patients (Freedom), 1130
Atresias, esophageal, and tracheoesophageal fistulas, extra vertebrae associated with (Stevenson), 1123
Atrial flutter in child, Lown, Ganong, and Levine syndrome with (Greenwood) (Letter), 623
AutoAnalyzer, Technicon, use of: congruence of creatinine and inulin clearances in children (Arant, Edelmann, and Spitzer) (BCLO), 559
Autonomic nervous system and some aspects of use of autonomic drugs in children: part I (Loggie and Van Maanen), 205
part II (Loggie and Van Maanen), 432

B

Bactericidin and hemagglutinin response in children with urinary or enteric infections (Agarwal and Neter), 501
Bartter's syndrome, growth characteristics and factors influencing growth in (Simopoulos and Bartter), 56
Bethanecol (Urecholine), treatment of familial dysautonomia with (Axelrod et al.), 573

Bicarbonate, role of early pH correction with: neonatal acidosis and respiratory distress syndrome in preterm infant (Sinclair), 1188
Bile acid metabolism, hyperbilirubinemia, and microsomal enzyme activity in chronic intrahepatic cholestasis of childhood, effect of phenobarbital on (Sharp and Mirkin), 116
progressive familial cholestatic cirrhosis and (Williams et al.), 493
Bilirubin, photodynamic action of, on erythrocytes (Odell, Brown, and Kopelman), 473
Biotin and vitamin B complex, treatment of seborrheic dermatitis with (Nisenson) (Letter), 630; (Barness) (Reply), 631
Birth, child-, pregnancy and, normal, in galactosemic woman (Tedesco, Morrow, and Mellman) (BCLO), 1159
weight and gestational age, relationship to: neonatal mortality rate (Lubchenco, Searls, and Brazie), 814
low, infants, early versus late treatment of neonatal acidosis in: relation to respiratory distress syndrome (Hobel et al.), 1178
effects of protein hydrolysate–monosaccharide infusion on (Helmuth, Adam, and Sweet), 129
total intravenous alimentation in: preliminary report (Driscoll et al.), 145
Bladder puncture, suprapubic, for voiding cystourethrography (Simon and Berdon) (BCLO), 555
Blepharophimosis and limitation of joints, myotonia with: Schwartz syndrome (Saadat et al.) (BCLO), 348
Blood cells in two siblings, atypical enzyme activities in: type III glycogenosis (Deckelbaum et al.), 955
for exchange transfusion, anticoagulants in (Franciosi) (Letter), 424; (Delivoria-Papadopoulos and Oski) (Reply), 424
lead levels, elevated, development of children with: letter 1 (Nieburg) (Letter), 627; (Kotok) (Reply), 627; (Chisolm) (Reply), 628
letter 2 (Powell and Rolfe) (Letter), 628; (Kotok) (Reply), 629; (de la Burdé) (Reply), 629
pressure measurement in small infants, application of Doppler ultrasound to (Black, Kotrapu, and Massie), 932
Bone(s), carpal and tarsal, familial osteolysis of (Gluck and Miller), 506
changes in untreated neonatal phenylketonuric patients: new radiographic observation and interpretation (Feinberg and Fisch) (BCLO), 540
findings in seven patients: juvenile osteoporosis (Jowsey and Johnson), 511
Book reviews
Approach to the medical care of the sick newborn (Sisson), 617
Atlas of roentgen anatomy of the newborn and infant's skull (Capitanio), 1211
Book reviews—Cont'd
The biochemistry of development. Clinics in Developmental Medicine (Auerbach), 617
Brain hypoxia (Prensky), 409
Call the doctor. Questions parents ask about their children (Shelly), 1212
Childcraft—The How and Why Library (Beatty), 618
Criteria for live birth versus stillbirth, 618
Differential diagnosis in pediatric neurology (Prensky), 410
Genetic disorders of the endocrine glands (Root), 411
Helping the battered child and his family (Olmsted), 1211
High altitude physiology: Cardiac and respiratory aspects (Krongrad), 1211
Immunology (Gotoff), 409
Brain dysfunction, minimal, drug therapy in: commentary (Erenberg), 359
Brainstem findings, unusual, following closed head injury (Gilbert and Deonna) (BCLO), 343
Breast milk, human, excretion of chlorothiazide in (Werthmann and Krees) (BCLO), 781
"Bronze" baby syndrome: complication of phototherapy (Kopelman, Brown, and Odell), 466
Byler's disease: fatal intrahepatic cholestasis (Linarelli, Williams, and Phillips), 484

C

Candidiasis, meningitis, and arthritis, neonatal: observations and review of literature (Klein, Yamauchi, and Horlick), 31
Carbon monoxide, endogenous, production in erythroblastotic infants, effect of exchange transfusion on (Maisels, Pathak, and Nelson), 705
Carcinoma, embryonal cell, effect of therapy on serum level of alpha-1 fetoprotein in (Kithier et al.), 71
Cardiac, extra-, structural abnormalities, significant, in 29 necropsied patients, review of: asplenia syndrome (Freedom), 1130
Cardiology, pediatric: new role for pediatric assistant (Stehbens and Lauer), 394
Cardiorespiratory distress, severe, in full-term infants, form of: transient myocardial ischemia of newborn infant (Rowe and Hoffman), 243
Carpal and tarsal bones, familial osteolysis of (Gluck and Miller), 506
Catheterization, arterial, in infants (Henry, Hoeffel, and Pernot) (Letter), 626
Celiac crisis, use of corticosteroids in (Lloyd-Still et al.), 1074
disease, childhood: response of treated patients to small uniform daily dose of wheat gluten (Hamilton and McNeill), 885

Cell(s), blood, in two siblings, atypical enzyme activities in: type III glycogenosis (Deckelbaum et al.), 955
embryonal, carcinoma, effect of therapy on serum level of alpha-1 fetoprotein in (Kithier et al.), 71
mediated immunity, possible in vivo measure of: phytohemagglutinin skin test (Bonforte et al.), 775
red, hydrogen peroxide hemolysis test and vitamin E absorption in differential diagnosis of jaundice in infancy (Melhorn, Gross, and Izant), 1082
metabolism in newborn infant: irreversible oxidant-induced injury (Lubin and Oski), 698
sickle, testing programs (Pearson and O'Brien), 1201
Cellular development, adipose tissue, problem in: obesity in childhood (Knittle), 1048
and humoral aspects: leukocyte functions in juvenile diabetes mellitus (Miller and Baker) (BCLO), 979
Cerebellar necrosis simulating tumor in infancy (Fischer, Strand, and Gilles) (BCLO), 98
Chloramphenicol, intramuscular, in treatment of H. influenzae meningitis, efficacy of (Bulos) (Letter), 416
Chlorothiazide, excretion of, in human breast milk (Werthmann and Krees) (BCLO), 781
Chlorpropamide response, partial defect in antidiuretic hormone secretion (Malone, Vallet, and Bongiovanni) (BCLO), 92
Cholestasis, fatal intrahepatic: Byler's disease (Linarelli, Williams, and Phillips), 484
intrahepatic, chronic, of childhood, effect of phenobarbital on hyperbilirubinemia, bile acid metabolism, and microsomal enzyme activity in (Sharp and Mirkin), 116
Cholestatic cirrhosis, progressive familial, and bile acid metabolism (Williams et al.), 493
Chorea, rheumatic, controlled with haloperiodol (Axley) (Letter), 1216
Chromatographic method, simple, for identification of keratosulfate in urine: diagnosis of Morquio's disease (Humbel, Marchal, and Fall) (BCLO), 107
Chromatography, amino acid, ampicillin and (Steginк et al.) (Letter), 1214; (Nyhan et al.) (Comment), 1215
Chromosomal aberrations, induced: biological and clinical significance (Bloom), 1
mosaicism in prenatal diagnosis, issue of (Mannanal) (Letter), 422; (Hsu et al.) (Reply), 423
Cirrhosis, progressive familial cholestatic, and bile acid metabolism (Williams et al.), 493
Clavian, sub-, steal, pulmonary artery–, congenital (Sunderland et al.), 927
Coagulants, anti-, in blood for exchange transfusion (Franciosi) (Letter), 424; (Delivoria-Papadopoulos and Oski) (Reply), 424
Colitis, granulomatous, increased requirements for magnesium during parenteral therapy for (Grand and Colodny) (BCLO), 788
ulcerative, initial clinical presentation mimicking: hemolytic-uremic syndrome (Berman), 275
Conception, lactation, and nutrition of nursing mother and child (Jelliffe and Jelliffe), 829
Congenita, arthrogryposis multiplex, myopathic variety of: disorder with autosomal recessive inheritance (Der Kaloustian, Afifi, and Mire), 76
Congenital adrenal hyperplasia, salt-losing, hypertension secondary to excessive desoxycorticosterone implants or 9-alpha fluorocortisol in (Vazquez and Kenny) (BCLO), 549
study of renin-aldosterone system in (Strickland and Kotchen), 962
anomalies, other, index of: asymmetric crying facies (Pape and Pickering), 21
cytomegalic inclusion disease, osteomalacia and spontaneous fractures in twins with (Kopelman, Halsted, and Minnefor) (BCLO), 101
erythroid hypoplasia, triphalangeal thumbs and: report of case with unusual features (Murphy and Lubin) (BCLO), 987
glaucoma, chronic topical corticosteroid use stimulating (Kass, Kolker, and Becker), 1175
heart disease, cyanotic, respiratory distress syndrome and/or (Risemberg et al.), 609
salvage of babies and children with (Engle) (Editor's column), 203
hypoplasia of depressor anguli oris muscle: differentiation from congenital facial palsy (Nelson and Eng), 16
hypoplastic anemia in half brothers, occurence of (Hunter and Hakami) (BCLO), 346
hypothyroidism treated before age three months, improved prognosis in (Klein, Meltzer, and Kenny), 912
nephroma of infancy (Bolande) (Letter), 191; (Vernier and Crocker) (Reply), 192
osteopetrosis, liver lysosomes in (Rosen and Haymovits), 518
pulmonary artery–subclavian steal (Sunderland et al.), 927
pyloric stenosis within sibships, incidence of (Huguenard and Sharples), 45
syphilis, glomerulopathy of, immune deposit disease (Kaplan et al.) (BCLO), 1154
Cortical hyperostosis, infantile, of scapula presenting as ipsilateral Erb's palsy (Holtzman) (BCLO), 785
Corticosteroid(s) in celiac crisis, use of (Lloyd-Still et al.), 1074

Corticosteroid(s)—Cont'd
topical, chronic use simulating congenital glaucoma (Kass, Kolker, and Becker), 1175
Creatinine and inulin clearances, congruence of, in children: use of Technicon Auto-Analyzer (Arant, Edelmann, and Spitzer) (BCLO), 559
Cricopharyngeal achalasia as cause of respiratory distress in infancy (Blank and Silbiger) (BCLO), 95
Croup, children with, respiratory status of (Newth, Levison, and Bryan), 1068
requiring tracheotomy, influenza A_2 virus as cause of (Howard, McCracken, and Luby) (BCLO), 1148
Cutaneous delayed hypersensitivity, correlation between potency of mumps virus skin test antigen and (Dufour, Arce, and St. Geme), 742
Cyanotic congenital heart disease, respiratory distress syndrome and/or (Risemberg et al.), 609
Cystic fibrosis, reliability of sweat tests in diagnosis of (Gibson) (Letter), 193; (Gottlieb) (Reply), 195; (di Sant' Agnese) (Comment), 196; (Huang) (Comment), 197
use of antibiotics in (Boxerbaum, Doershuk, and Matthews) (Letter), 188
Cystourethrography, voiding, suprapubic bladder puncture for (Simon and Berdon) (BCLO), 555
Cytocentrifugation in management of central nervous system leukemia (Komp) (BCLO), 992
Cytomegalic inclusion disease, congenital, osteomalacia and spontaneous fractures in twins with (Kopelman, Halsted, and Minnefor) (BCLO), 101
Cytomegalovirus infection in newborn dizygous twin (Shearer et al.) (BCLO), 1161
nursery-acquired, in two premature infants (Yeager, Jacobs, and Clark) (BCLO), 332
Cytosine arabinoside, uncertain role of, in varicella infection of compromised hosts (Stevens and Merigan), 562

D

Deafness, ocular and facial anomalies, and telecanthus, syndrome of (Holmes and Schepens) (BCLO), 552
Death. (*See* Is there a right to die—quickly?) (Letters), 857
infant, sudden, syndrome, lack of postmorten radiographic evidence of nasopharyngeal obstruction in (French et al.) (BCLO), 1145
vitamin E, selenium, and (Rhead et al.) (Letter), 415
Dermatitis, seborrheic, treatment with biotin and vitamin B complex (Nisenson) (Letter), 630; (Barness) (Reply), 631
Dermatology, neonatal: pigmentary lesions and hemangiomas (Esterly and Solomon), 1003
Desoxycorticosterone implants, excessive, or 9-alpha fluorocortisol, hypertension secondary to, in salt-losing congenital adrenal hyperplasia (Vazquez and Kenny) (BCLO), 549
Diabetes insipidus, nephrogenic, persistent hypernatremia due to abnormal thirst mechanism in 13-year-old child with (Anand, Kogut, and Lieberman), 1097
Diabetes mellitus, Addison's disease and (Kogut and Brinegar), 307
juvenile, leukocyte functions in: humoral and cellular aspects (Miller and Baker) (BCLO), 979
secondary to L-asparaginase therapy (Jaffe) (Letter), 1220
transient, secondary to L-asparaginase therapy in acute leukemia (Gillette et al.) (BCLO), 109
Diabetic mothers, hypocalcemia in infants of (Katz) (Letter), 633; (Tsang) (Reply), 634
Diarrhea, diaper rash, and iron-fortified formula (Grant, Street, and Fearnow) (BCLO), 973
DiGeorge syndrome(s) (Lischner) (Editor's column), 1042
associated with combined immunodeficiency (Gatti et al.), 920
Digoxin, serum levels of, in infants and children (Krasula et al.), 566
Dihydroxyphenylalanine, L-, effect of, upon serum growth hormone concentrations in children and adolescents (Root and Russ), 808
Diphenylhydantoin: efficacy, toxicity, and dose-serum level relationships in children (Borofsky et al.), 995
Disease(s), Addison's and diabetes mellitus (Kogut and Brinegar), 307
Byler's: fatal intrahepatic cholestasis (Linarelli, Williams, and Phillips), 484
celiac, childhood: response of treated patients to small uniform daily dose of wheat gluten (Hamilton and McNeill), 885
combined immunodeficiency, immunologic reconstitution of patient with (Biggar, Good, and Park), 301
cytomegalic inclusion, congenital, osteomalacia and spontaneous fractures in twins with (Kopelman, Halsted, and Minnefor) (BCLO), 101
Gaucher's infantile (type II): in utero diagnosis and fetal pathology (Schneider et al.), 1134
granulomatous, chronic, undetected carrier state in (Dupree et al.), 770
Graves' in infancy and childhood, hereditary aspects of (Hollingsworth, Mabry, and Eckerd), 446
heart, congenital, cyanotic, respiratory distress syndrome and/or (Risemberg et al.), 609
salvage of babies and children with (Engle) (Editor's column), 203

Disease(s)—Cont'd
hemolytic, of newborn infant, more on (Bell) (Letter), 1222; (Naiman) (Reply), 1222
hyaline membrane, serum proteinase inhibitors in infants with (El-Bardeesy and Johnson), 579
immune deposit, glomerulopathy of congenital syphilis (Kaplan et al.) (BCLO), 1154
Leiner's, and C5 deficiency (Ammann) (Letter), 1221; (Miller) (Reply), 1221
liver, in drug-using adolescent (Litt et al.), 238
lung, granulomatous, with progressive deterioration of phagocytic function (McCracken, Weinberg, and Carlin), 267
obstructive, report of two cases presenting as: tetralogy of Fallot with absent pulmonary valve and aneurysm of pulmonary artery (Bove et al.) (BCLO), 339
maple syrup urine, enzyme activity in classical and variant forms of (Dancis et al.), 312
Morquio's, diagnosis of: simple chromatographic method for identification of keratosulfate in urine (Humbel, Marchal, and Fall) (BCLO), 107
systemic, caused by Hemophilus influenzae type b, countercurrent immunoelectrophoresis in diagnosis of (Ingram, Anderson, and Smith) (BCLO), 1156
Diuretic, anti-, hormone secretion, partial defect in, chlorpropamide response (Malone, Vallet, and Bongiovanni) (BCLO), 92
syndrome of inappropriate secretion of, produced by vincristine toxicity (with bioassay of ADH level) (Suskind, Brusilow, and Zehr) (BCLO), 90
Dizygous twin, newborn, cytomegalovirus infection in (Shearer et al.) (BCLO), 1161
Doppler ultrasound, application to blood pressure measurement in small infants (Black, Kotrapu, and Massie), 932
Drug(s), antiepileptic, long-term administration of, and development of rickets (Borgstedt et al.), 9
autonomic, in children, autonomic nervous system and some aspects of use of: part I (Loggie and Van Maanen), 205
part II (Loggie and Van Maanen), 432
therapy in minimal brain dysfunction: commentary (Erenberg), 359
treatment of learning disorders: continuing confusion (Freeman), 112
using adolescent, liver disease in (Litt et al.), 238
Dwarf, Russell, facial profile of (Szalay) (Letter), 1035; (Fitch and Pinsky) (Reply), 1035
Dysautonomia, familial, treatment of, with bethanecol (Urecholine) (Axelrod et al.), 573
Dysplasia, ectodermal, and multiple defects (Rapp-Hodgkins type) (Wannarachue, Hall, and Smith) (Letter), 1217
Dystrophy, myotonic, in neonate (Bell and Smith, 83

E

E. coli, enteropathogenic, susceptibility to various antibiotics (Nicolopoulos and Arseni) (Letter), 426; (McCracken) (Reply), 427
Ectodermal dysplasia and multiple defects (Rapp-Hodgkins type) (Wannarachue, Hall, and Smith) (Letter), 1217
Electrolyte solutions, homemade (Cunningham) (Letter), 417
Embryonal cell carcinoma, effect of therapy on serum level of alpha-1 fetoprotein in (Kithier et al.), 71
Emphysema, subpleural, complicating staphylococcal and other pneumonias (Boisset B.), 259
Encephalomyelopathy, Leigh's, pathogenesis of (Tang et al.) (Letter), 189
subacute necrotizing (Leigh's syndrome), biochemical studies and therapy in (Grover, Auerbach, and Patel), 39
Enteric or urinary infections, hemagglutinin and bactericidin response in children with (Agarwal and Neter), 501
Enteropathogenic E. coli, susceptibility to various antibiotics (Nicolopoulos and Arseni) (Letter), 426; (McCracken) (Reply), 427
Enzyme activities, atypical, in blood cells in two siblings: type III glycogenosis (Deckelbaum et al.), 955
in classical and variant forms of maple syrup urine disease (Dancis et al.), 312
microsomal, activity, hyperbilirubeinemia, and bile acid metabolism in chronic intrahepatic cholestasis of childhood, effect of phenobarbital on (Sharp and Mirkin), 116
Eosinophilic leukemoid reaction (Pochedly, Degnan, and Mauss) (Letter), 624
Epidemiologic, clinical, and serologic study: urban measles in vaccine era (Cherry et al.), 217
Epiglottitis, Hemophilus influenzae type b, routine tracheotomy in (Margolis, Ingram, and Meyer) (BCLO), 1150
radiographic examination in (Edelson) (Letter), 1036; (Rapkin) (Reply), 1036
Epileptic, anti-, drugs, long-term administration of, and development of rickets (Borgstedt et al.), 9
Erb's palsy, ipsilateral, infantile cortical hyperostosis of scapula presenting as (Holtzman) (BCLO), 785
Erratum, 866
Erythroblastotic infants, effect of exchange transfusion on endogenous carbon monoxide production in (Maisels, Pathak, and Nelson), 705
Erythrocytes, photodynamic action of bilirubin on (Odell, Brown, and Kopelman), 473
Erythroid hypoplasia, congenital, triphalangeal thumbs and: report of case with unusual features (Murphy and Lubin) (BCLO), 987

Erythrophagocytic lymphohistiocytosis, familial, reticuloendothelial failure in (O'Brien et al.) (BCLO), 543
Esophageal atresias and tracheoesophageal fistulas, extra vertebrae associated with (Stevenson), 1123
Exophthalmometry, normal standards for, in children 10 to 14 years of age: relation to age, height, weight, and sexual maturation (Gerber et al.), 327
Eye-popping reflex of infants (Perez) (BCLO), 87 (Victor) (Letter), 1223; (Perez) (Reply), 1223

F

Facial and ocular anomalies, telecanthus, and deafness, syndrome of (Holmes and Schepens) (BCLO), 552
palsy, congenital, differentiation from: congenital hypoplasia of depressor anguli oris muscle (Nelson and Eng), 16
profile of Russell dwarf (Szalay) (Letter), 1035; (Fitch and Pinsky) (Reply), 1035
Facies, crying, asymmetric: index of other congenital anomalies (Pape and Pickering), 21
Fallot, tetralogy of, with absent pulmonary valve and aneurysm of pulmonary artery: report of two cases presenting as obstructive lung disease (Bove et al.) (BCLO), 339
Familial benign hypercalcemia (Foley et al.), 1060
cholestatic cirrhosis, progressive, and bile acid metabolism (Williams et al.), 493
dysautonomia, treatment of, with bethanecol (Urecholine) (Axelrod et al.), 573
erythrophagocytic lymphohistiocytosis, reticuloendothelial failure in (O'Brien et al.) (BCLO), 543
moniliasis, defective delayed hypersensitivity and ACTH deficiency (Neeman) (Letter) 198; (Castells) (Reply), 198
osteolysis of carpal and tarsal bones (Gluck and Miller), 506
Fatty acid, essential, deficiency in infant receiving prolonged parenteral alimentation (Caldwell, Jonsson, and Othersen), 894
Fecal Pseudomonas aeruginosa as cause of blue diaper syndrome (Libit, Ulstrom, and Doeden) (BCLO), 546
Fetel amino acid "justification," genetic failure of: common basis for many forms of metabolic, nutritional, and "nonspecific" mental retardation (Bessman), 834
pathology, in utero diagnosis and: infantile (type II) Gaucher's disease (Schneider et al.), 1134
Fetoprotein, alpha-1, in embryonal cell carcinoma, effect of therapy on serum level of (Kithier et al.), 71
Fibrosis, cystic, reliability of sweat tests in diagnosis of (Gibson), (Letter), 193; (Gottlieb) (Reply), 195; (di Sant' Agnese) (Comment), 196; (Huang) (Comment), 197
use of antibiotics in (Boxerbaum, Doershuk, and Matthews) (Letter), 188
Fistulas, tracheoesophageal, extra vertabrae associated with esophageal atresias and (Stevenson), 1123
Fluorocortisol, 9-alpha, hypertension secondary to excessive desoxycorticosterone or, in salt-losing congenital adrenal hyperplasia (Vazquez and Kenny) (BCLO), 549
Folate, homocystinuria, and vitamin B_6: metabolic interrelationships and clinical significance (Gaull), 1014
Formula, iron-fortified, diaper rash, diarrhea, and (Grant, Street, and Fearnow) (BCLO), 973
Fractures, spontaneous, and osteomalacia in twins with congenital cytomegalic inclusion disease (Kopelman, Halsted, and Minnefor) (BCLO), 101
Furosemide therapy for hypercalcemia in infancy (Najjar, Aftimos, and Kurani), 1171

G

Galactokinase deficiency: clinical and biochemical findings in new kindred (Pickering and Howell), 50
Galactosemic woman, normal pregnancy and childbirth in (Tedesco, Morrow, and Mellman) (BCLO), 1159
Gangrene and polycythemia of extremity in newborn infant (Papageorgiou and Stern) (BCLO), 985
Ganong, Lown, and Levine syndrome with atrial flutter in child (Greenwood) (Letter), 623
Gaucher's disease, infantile (type II): in utero diagnosis and fetal pathology (Schneider et al.), 1134
Genetic failure of fetal amino acid "justification": common basis for many forms of metabolic, nutritional, and "nonspecific" mental retardation (Bessman), 834
Gentamicin levels, intraventricular, relationship to cure of meningitis (Moellering and Fischer) (BCLO), 534
Gestational age, birth weight and, relationship to: neonatal mortality rate (Lubchenco, Searls, and Brazie), 814
Glaucoma, congenital, chronic topical corticosteriod use simulating (Kass, Kolker, and Becker), 1175
Globulin, gamma, reimmunization of children who previously received live measles vaccine and: measles immunity (Arbeter et al.), 737
Glomerulopathy of congenital syphilis, immune deposit disease (Kaplan et al.) (BCLO), 1154

Gluten, wheat, response of treated patients to small uniform daily dose of: childhood celiac disease (Hamilton and McNeill), 885
Glycogenosis, type III: atypical enzyme activities in blood cells in two siblings (Deckelbaum et al.), 955
Gonococcal infections in children (Asnes and Grebin) (Letter), 192; (Shore and Winkelstein) (Reply), 193
Gonorrhea as cause of asymptomatic pyuria in adolescent boys (Dawar and Hellerstein) (BCLO), 357
Granulomatous colitis, increased requirement for magnesium during parenteral therapy for (Grand and Colodny) (BCLO), 788
disease, chronic, undetected carrier state in (Dupree et al.), 770
lung disease with progressive deterioration of phagocytic function (McCracken, Weinberg, and Carlin), 267
Graves' disease in infancy and childhood, hereditary aspects of (Hollingsworth, Mabry, and Eckerd), 446
Growth. (*See* Failure to thrive: 50 year follow-up) (Reinhart) (Letter), 1218
characteristics and factors influencing growth in Bartter's syndrome (Simopoulos and Bartter), 56
hormone/concentrations, serum, in children and adolescents, effect of L-dihydroxyphenylalanine upon (Root and Russ), 808
levels, history may reveal more than (Barlow and Gardner) (Letter), 632; (Frasier) (Reply), 633
plasma, intermediate, in growth-retarded children, significance of (Joss and Zuppinger), 1092
pattern in 45,X/47,XXX mosaicism (Frasier and Wilson) (Letter), 187

H

Haloperidol, rheumatic chorea controlled with (Axley) (Letter), 1216
Hamartoma, angiomatous lymphoid, associated with chronic anemia, hypoferremia, and hypergammaglobulinemia (Boxer et al.), 66
Hemangiomas, pigmentary lesions and: neonatal dermatology (Esterly and Solomon), 1003
Hematocrit and hemoglobin values in iron deficiency in infancy (Hunter and Smith), 710
Hemoglobin and hematocrit values in iron deficiency in infancy (Hunter and Smith, 710
Hemoglobinuria, cold, paroxysmal, of nonsyphilitic etiology in two children (Vogel, Hellman, and Moloshok) (BCLO), 974
Hemolysis test, red cell hydrogen peroxide, and vitamin E absorption in differential diagnosis of jaundice in infancy (Melhorn, Gross, and Izant), 1082
Hemolytic disease of newborn infant, more on (Bell) (Letter), 1222; (Naiman) (Reply), 1222
Hemolytic-uremic syndrome: initial clinical presentation mimicking ulcerative colitis (Berman), 275
management of (Morris) (Letter), 424; (Lieberman) (Reply), 425
Hemophilia home transfusion program: effect on school attendance (Lazerson) (BCLO), 330
Hemophilus influenzae meningitis, efficacy of intramuscular chloramphenicol in treatment of (Bulos) (Letter), 416
12 year review of antibiotic management of (Barrett et al.), 370
type b, countercurrent immunoelectrophoresis in diagnosis of systemic diseases caused by (Ingram, Anderson, and Smith) (BCLO), 1156
epiglottitis, routine tracheotomy in (Margolis, Ingram, and Meyer (BCLO), 150
meningitis in Mecklenburg County, North Carolina, attack rate, age incidence, racial distribution, and case fatality rate of (Parke, Schneerson, and Robbins), 765
Head, closed, injury, unusual brainstem findings following (Gilbert and Deonna) (BCLO), 343
Hearing deficit following maternal rubella (Peck) (Letter), 414
Heart disease, congenital, cyanotic, respiratory distress syndrome and/or (Risemberg et al.), 609
salvage of babies and children with (Engle) (Editor's column), 203
Hemagglutinin and bactericidin response in children with urinary or enteric infections (Agarwal and Neter), 501
Hepatic dysfunction after renal transplantation in children (Malekzadeh et al.), 279
intra-, cholestasis, chronic, of childhood, effect of phenobarbital on hyperbilirubinemia, bile acid metabolism, and microsomal enzyme activity in (Sharp and Mirkin), 116
fatal: Byler's disease (Linarelli, Williams, and Phillips), 484
Hepatitis-associated antigen: possible relationship to premature delivery (Smithwick, Pascual, and Go) (BCLO), 537
Hereditary adrenocortical unresponsiveness to adrenocorticotropic hormone (Kelch et al.), 726
aspects of Graves' disease in infancy and childhood (Hollingsworth, Mabry, and Eckerd), 446
syndrome of imperforate anus with hand, foot, and ear anomalies (Townes and Brocks), 321
transcobalamin II deficiency: role of transcobalamin II in vitamin B_{12}-mediated reactions (Scott et al.), 1106

Heroin addiction, maternal, effect on neonatal jaundice (Nathenson et al.), 899
His bundle recording in progressive external ophthalmoplegia (Morriss et al.) (BCLO), 1167
Hodgkins, Rapp-, type, multiple defects, ectodermal dysplasia and (Wannarachue, Hall, and Smith) (Letter), 1217
Homocystinuria, combined vitamin responsiveness in (Morrow and Barness), 946
vitamin B_6, and folate: metabolic interrelationships and clinical significance (Gaull), 1014
Homovanillic acid, benign pheochromocytoma associated with elevated excretion of (Gitlow et al.), 1112
Hormone, adrenocorticotropic, adrenal response to physical stress and effect of, in newborn infants (Gutai et al.), 719
hereditary adrenocortical unresponsiveness to (Kelch et al.), 726
antidiuretic, secretion, partial defect in, chlorpropamide response (Malone, Vallet, and Bongiovanni) (BCLO), 92
syndrome of inappropriate secretion of, produced by vincristine toxicity (with bioassay of ADH level) (Suskind, Brusilow, and Zehr) (BCLO), 90
growth, levels, history may reveal more than (Barlow and Gardner) (Letter), 632; (Frasier) (Reply), 633
plasma, intermediate, levels in growth-retarded children, significance of (Joss and Zuppinger), 1092
serum, concentrations in children and adolescents, effect of L-dihydroxyphenylalanine upon (Root and Russ), 808
serum parathryoid, in hypophosphatemic vitamin D–resistant rickets (Lewy et al.), 294
Humoral and cellular aspects: leukocyte functions in juvenile diabetes mellitus (Miller and Baker) (BCLO), 979
Hyaline membrane disease, serum proteinase inhibitors in infants with (El-Bardeesy and Johnson), 579
Hydrocarbon pneumonia in children, adrenocorticosteroid treatment of, cooperative study (Marks et al.), 366
Hydrogen peroxide, red cell, hemolysis test and vitamin E absorption in differential diagnosis of jaundice in infancy (Melhorn, Gross, and Izant), 1082
Hydrolysate, protein,–monosaccharide infusion, effects on low-birth-weight infants (Helmuth, Adam, and Sweet), 129
Hyperammonemia accompanying parenteral nutrition in newborn infants (Johnson, Albritton, and Sunshine), 154
resulting from intravenous alimentation using mixture of synthetic L-amino acids: preliminary report (Heird et al.), 162
Hyperbilirubinemia, bile acid metabolism, and microsomal enzyme activity in chronic intrahepatic cholestasis of childhood, effect of phenobarbital on (Sharp and Mirkin), 116
Hypercalcemia as complication of parenteral alimentation (Ulstrom and Brown) (Letter), 419; (Stegink and Baker) (Reply), 421
familial benign (Foley et al.), 1060
in infants, furosemide therapy for (Najjar, Aftimos, and Kurani), 1171
Hypergammaglobulinemia, chronic anemia, and hypoferremia, angiomatous lymphoid hamartoma associated with (Boxer et al.), 66
Hypernatremia, persistent, due to abnormal thirst mechanism in 13-year-old child with nephrogenic diabetes insipidus (Anand, Kogut, and Lieberman), 1097
Hyperostosis, cortical, infantile, of scapula presenting as ipsilateral Erb's palsy (Holtzman) (BCLO), 785
Hyperplasia, adrenal, congenital, salt-losing, hypertension secondary to excessive desoxycorticosterone implants or 9-alpha fluorocortisol in (Vazquez and Kenny) (BCLO), 549
study of renin-aldosterone system in (Strickland and Kotchen), 962
Hypersensitivity, defective delayed, familial moniliasis, and ACTH deficiency (Neeman) (Letter), 198; (Castells) (Reply), 198
delayed, cutaneous, correlation between potency of mumps virus skin test antigen and (Dufour, Arce, and St. Geme), 742
Hypertension secondary to excessive desoxycorticosterone implants or 9-alpha fluorocortisol in salt-losing congenital adrenal hyperplasia (Vazquez and Kenny) (BCLO), 549
Hyperthyroidism due to isolated hypersecretion of triiodothyronine: T_3 toxicosis (Mitsuma et al.) (BCLO), 982
Hypocalcemia in infants of diabetic mothers (Katz) (Letter), 633; (Tsang) (Reply), 634
Hypoferremia, chronic anemia, and hypergammaglobulinemia, angiomatous lymphoid hamartoma associated with (Boxer et al.), 66
Hypomagnesemia in uremic infants (Ghazali, Hallett, and Barratt), 747
Hypophosphatemic vitamin D–resistant rickets, serum parathyroid hormone in (Lewy et al.), 294
Hypophysectomy, failure of, in generalized lipodystrophy (Mabry and Hollingsworth) (BCLO), 990
Hypoplasia, congenital, of depressor anguli oris muscle: differentiation from congenital facial palsy (Nelson and Eng), 16
erythroid, congenital, triphalangeal thumbs and: report of case with unusual features (Murphy and Lubin) (BCLO), 987
of second metacarpal in mother and daughter (Holmes and Remensnyder) (BCLO), 1165

Hypoplastic anemia, congenital, in half brothers, occurrence of (Hunter and Hakami) (BCLO), 346
Hypothyroidism, congenital, treated before age three months, improved prognosis in (Klein, Meltzer, and Kenny), 912

I

Immune deposit disease, glomerulopathy of congenital syphilis (Kaplan et al.) (BCLO), 1154
Immunity, cell-mediated, possible in vivo measure of: phytohemagglutinin skin test (Bonforte et al.), 775
measles: reimmunization of children who previously received live measles vaccine and gamma globulin (Arbeter et al.), 737
Immunocompetence in undernutrition (Chandra), 1194
Immunodeficiency, arthritis and (McLaughlin, Schaller, and Wedgwood) (BCLO), 801
combined, DiGeorge syndrome associated with (Gatti et al.), 920
disease, combined, immunologic reconstitution of patient with (Biggar, Good, and Park), 301
Immunoelectrophoresis, countercurrent, in diagnosis of systemic diseases caused by Hemophilus influenzae type b (Ingram, Anderson, and Smith) (BCLO), 1156
Immunologic reconstitution of patient with combined immunodeficiency disease (Biggar, Good, and Park), 301
Incubators, Plexiglas, effect on phototherapy (Yasunaga and Kean) (BCLO), 89
Infection(s) acquired in pediatric hospital (Gardner and Carles), 1205
cytomegalovirus, in newborn dizygous twin (Shearer et al.) (BCLO), 1161
nursery-acquired, in two premature infants (Yeager, Jacobs, and Clark) (BCLO), 332
gonococcal, in children (Asnes and Grebin) (Letter), 192; (Shore and Winkelstein) (Reply), 193
re-, subclinical, follow-up on rubella vaccinations and experience with (Farquhar), 460
urinary or enteric, hemagglutinin and bactericidin response in children with (Agarwal and Neter), 501
varicella, of compromised hosts, uncertain role of cytosine arabinoside in (Stevens and Merigan), 562
Influenza A_2 virus as cause of croup requiring tracheotomy (Howard, McCracken, and Luby) (BCLO), 1148
Inheritance, autosomal recessive, disorder with: myopathic variety of arthrogryposis multiplex congenita (Der Kaloustian, Afifi, and Mire), 76
Injury, closed head, unusual brainstem findings following (Gilbert and Deonna) (BCLO), 343
Insipidus, diabetes, nephrogenic, persistent hypernatremia due to abnormal thirst mechanism in 13-year-old child with (Anand, Kogut, and Lieberman), 1097
Inulin and creatinine clearances, congruence of, in children: use of Technicon Auto-Analyzer (Arant, Edelmann, and Spitzer) (BCLO), 559
Iron deficiency in infancy, hemoglobin and hematocrit values in (Hunter and Smith), 710
fortified formula, diaper rash, diarrhea, and (Grant, Street, and Fearnow) (BCLO), 973
Ischemia, myocardial, transient, of newborn infant: severe form of cardiorespiratory distress in full-term infants (Rowe and Hoffman), 243

J

Jaundice in infancy, red cell hydrogen peroxide hemolysis test and vitamin E absorption in differential diagnosis of (Melhorn, Gross, and Izant), 1082
neonatal, effect of maternal heroin addiction on (Nathenson et al.), 899
in newborn infant, phototherapy of: effect of various light intensities (Sisson et al.), 35
Joints, limitation of, myotonia with blepharophimosis and: Schwartz syndrome (Saadat et al.) (BCLO), 348

K

Keratosulfate in urine, simple chromatographic method for identification of: diagnosis of Morquio's disease (Humbel, Marchal, and Fall) (BCLO), 107
Kindred, new, clinical and biochemical findings in: galactokinase deficiency (Pickering and Howell), 50

L

Lactation, conception, and nutrition of nursing mother and child (Jelliffe and Jelliffe), 829
Lead exposure, asymptomatic, in children, latent sequelae (de la Burdé and Choate), 1088
levels, blood, elevated, development of children with: letter 1 (Nieburg) (Letter), 627; (Kotok) (Reply), 627; (Chisolm) (Reply), 628
letter 2 (Powell and Rolfe) (Letter), 628; (Kotok) (Reply), 629; (de la Burdé) (Reply), 629
poisoning, urinary excretion of delta aminolevulinic acid after discontinuance of therapy for (Vitale et al.) (BCLO), 977
Learning disorders, drug treatment of: continuing confusion (Freeman), 112
Leigh's encephalomyelopathy, pathogenesis of (Tang et al.) (Letter), 189
syndrome, subacute necrotizing encephalomyelopathy, biochemical studies and therapy in (Grover, Auerbach, and Patel), 39

Leiner's disease and C5 deficiency (Ammann) (Letter), 1221; (Miller) (Reply), 1221
Leukemia, acute, transient diabetes mellitus secondary to L-asparaginase therapy in (Gillette et al.) (BCLO), 109
central nervous system, cytocentrifugation in management of (Komp) (BCLO), 992
presenting as aplastic anemia (Ozsoylu and Hicsonmez) (Letter), 187
Leukemoid reaction, eosinophilic (Pochedly, Degnan, and Mauss) (Letter), 624
Leukocyte functions in juvenile diabetes mellitus: humoral and cellular aspects (Miller and Baker) (BCLO), 979
Levine, Lown, and Ganong syndrome with atrial flutter in child (Greenwood) (Letter), 623
Lipodystrophy, generalized, failure of hypophysectomy in (Mabry and Hollingsworth) (BCLO), 990
Lithium, toxic effects of, in newborn infants: commentary (Tunnessen and Hertz), 804
Liver disease in drug-using adolescent (Litt et al.), 238
lysosomes in congenital osteopetrosis (Rosen and Haymovits), 518
Lown, Ganong, and Levine syndrome with atrial flutter in child (Greenwood) (Letter), 623
LSD, treatment for ingestion of (Gabel) (Letter), 634; (Ianzito) (Reply), 634
Lung disease, granulomatous, with progessive deterioration of phagocytic function (McCracken, Weinberg, and Carlin), 267
obstructive, report of two cases presenting as: tetralogy of Fallot with absent pulmonary valve and aneurysm of pulmonary artery (Bove et al.) (BCLO), 339
Lymphohistiocytosis, erythrophagocytic, familial, reticuloendothelial failure in (O'Brien et al.) (BCLO), 543
Lymphoid hamartoma, angiomatous, associated with chronic anemia, hypoferremia, and hypergammaglobulinemia (Boxer et al.), 66
Lysosomes, liver, in congenital osteopetrosis (Rosen and Haymovits), 518

M

Magnesium, increased requirement for, during parenteral therapy for granulomatous colitis (Grand and Colodny) (BCLO), 788
Malabsorption syndromes in infancy and childhood: part I (Ament), 685
part II (Ament), 867
Malignancy in children, arthritis as presenting manifestation of (Schaller) (BCLO), 793
Malnutrition, children with, nitroblue tetrazolium test in (Altay et al.), 392
Maple syrup urine disease, enzyme activity in classical and variant forms of (Dancis et al.), 312
Maternal heroin addiction, effect on neonatal jaundice (Nathenson et al.), 899
ingestion of nortriptyline, urinary retention in neonate secondary to (Shearer, Schreiner, and Marshall), 570
rubella, hearing deficit following (Peck) (Letter), 414
Measles immunity: reimmunization of children who previously received live measles vaccine and gamma globulin (Arbeter et al.), 737
urban, in vaccine era: clinical, epidemiologic, and serologic study (Cherry et al.), 217
Medical care, mobile, for alienated youths (Guthrie and Howell), 1025
Mellitus, diabetes, Addison's disease and (Kogut and Brinegar), 307
juvenile, leukocyte functions in: humoral and cellular aspects (Miller and Baker) (BCLO), 979
secondary to L-asparaginase therapy (Jaffe) (Letter), 1220
transient, secondary to L-asparaginase therapy in acute leukemia (Gillette et al.) (BCLO), 109
Meningitis, candidiasis, and arthritis neonatal: observations and review of literature (Klein, Yamauchi, and Horlick), 31
cure of, relationship of intraventricular gentamicin levels to (Moellering and Fischer) (BCLO), 534
Hemophilus influenzae, efficacy of intramuscular chloramphenicol in treatment of (Bulos) (Letter), 416
12 year review of antibiotic management of (Barrett et al.), 370
type b, in Mecklenburg County, North Carolina, attack rate, age incidence, racial distribution, and case fatality rate of (Parke, Schneerson, and Robbins), 765
Meningococcal vaginitis, meningococcemia in newborn infant whose mother had (Sunderland et al.), (Letter), 856
Meningococcemia in newborn infant whose mother had meningococcal vaginitis (Sunderland et al.) (Letter), 856
Mental retardation, "nonspecific," metabolic, nutritional, and, common basis for many forms of: genetic failure of fetal amino acid "justification" (Bessman), 834
Metabolic interrelationships and clinical significance: homocystinuria, vitamin B_6, and folate (Gaull), 1014
nutritional, and "nonspecific" mental retardation, common basis for many forms of: genetic failure of fetal amino acid "justification" (Bessman), 834
Metabolism, bile acid, hyperbilirubinemia, and microsomal enzyme activity in chronic intrahepatic cholestasis of childhood, effect of phenobarbital on (Sharp and Mirkin), 116
progressive familial cholestatic cirrhosis and (Williams et al.), 493

Metabolism—Cont'd
red cell, in newborn infant: irreversible oxidant-induced injury (Lubin and Oski), 698
Metacarpal, second, hypoplasia of, in mother and daughter, (Holmes and Remensnyder) (BCLO), 1165
Methadone withdrawal in newborn infants (Rajegowda et al.) (BCLO), 532
Moniliasis, familial, defective delayed hypersensitivity, and ACTH deficiency (Neeman) (Letter), 198; (Castells) (Reply), 198
Monosaccharide infusion, protein hydrolysate–, effects on low-birth-weight infants (Helmuth, Adam, and Sweet), 129
Morquio's disease, diagnosis of: simple chromatographic method for identification of keratosulfate in urine (Humbel, Marchal, and Fall) (BCLO), 107
Mortality rate, neonatal: relationship to birth weight and gestational age (Lubchenco, Searls, and Brazie), 814
Mosaicism, 45,X/47,XXX, growth pattern in (Frasier and Wilson) (Letter), 187
chromosomal, in prenatal diagnosis, issue of (Mannanal) (Letter), 422; (Hsu et al.) (Reply), 423
Mothers' compliance with pediatric medical regimens, predicting (Becker, Drachman, and Kirscht), 843
Mumps virus skin test antigen and cutaneous delayed hypersensitivity, correlation between potency of (Dufour, Arce, and St. Geme), 742
Muscle, depressor anguli oris, congenital hypoplasia of: differentiation from congenital facial palsy (Nelson and Eng), 16
Muscular, intra-, chloramphenicol in treatment of H. influenzae meningitis, efficacy of (Bulos) (Letter), 416
Myocardial ischemia, transient, of newborn infant: severe form of cardiorespiratory distress in full-term infants (Rowe and Hoffman), 243
Myopathic variety of arthrogryposis multiplex congenita: disorder with autosomal recessive inheritance (Der Kaloustian, Afifi, and Mire), 76
Myotonia with blepharophimosis and limitation of joints: Schwartz syndrome (Saadat et al.) (BCLO), 348
Myotonic dystrophy in neonate (Bell and Smith), 83

N

Nasogastric infusion, continuous, versus total intravenous alimentation (Landwirth) (Letter), 1037; (Heird et al.) (Reply), 1038
Nasopharyngeal obstruction in sudden infant death syndrome, lack of postmortem radiographic evidence of (French et al.) (BCLO), 1145
NBT test, osteogenesis imperfecta and (Fikrig and Gordon) (Letter), 623
Necrosis, cerebellar, simulating tumor in infancy (Fischer, Strand, and Gilles) (BCLO), 98
Necrotizing encephalomyelopathy, subacute (Leigh's syndrome), biochemical studies and therapy in (Grover, Auerbach, and Patel), 39
Nephritis, anaphylactoid purpura: clinicopathological correlations (Hurley and Drummond), 904
Nephrogenic diabetes insipidus, persistent hypernatremia due to abnormal thirst mechanism in 13-year-old child with (Anand, Kogut, and Lieberman), 1097
Nephroma, congenital, of infancy (Bolande) (Letter), 191; (Vernier and Crocker) (Reply), 192
Nephrotic syndrome, idiopathic, in childhood, pregnancy in patients who have had Makker and Heymann), 1140
steroid-responsive, long-term follow-up of children with (Siegel et al.), 251
Nervous system, autonomic, and some aspects of use of autonomic drugs in children: part I (Loggie and Van Maanen), 205
part II (Loggie and Van Maanen), 432
central, leukemia, cytocentrifugation in management of (Komp) (BCLO), 992
Neurologic signs, other, failure, to thrive, and retardation, in fraternal twin (Norman and Steele), 1019
News and notes, 200, 429, 637, 863, 1040, 1225
New books received, 411, 619, 1212
Nitroblue tetrazolium test in children with malnutrition (Altay et al.), 392
Nortriptyline, maternal ingestion of, urinary retention in neonate secondary to (Shearer, Schreiner, and Marshall), 570
Nursery-acquired cytomegalovirus infection in two premature infants (Yeager, Jacobs, and Clark) (BCLO), 332
population, hand-sort punch card system for evaluation of (Gingell, Grant, and Cornblath), 528
Nursing mother and child, nutrition of, lactation, conception, and (Jelliffe and Jelliffe), 829
Nutrition of nursing mother and child, lactation, conception, and (Jelliffe and Jelliffe), 829
parenteral, in newborn infants, hyperammonemia accompanying (Johnson, Albritton, and Sunshine), 154
total, in premature infants (Peden and Karpel), 137
under-, immunocompetence in (Chandra), 1194
Nutritional, metabolic, and "nonspecific" mental retardation, common basis for many forms of: genetic failure of fetal amino acid "justification" (Bessman), 834

O

Obesity in childhood: problem in adipose tissue cellular development (Knittle), 1048

Ocular and facial anomalies, telecanthus, and deafness, syndrome of (Holmes and Schepens) (BCLO), 552
Ophthalmoplegia, progressive external, His bundle recording in (Morriss et al.) (BCLO), 1167
Osteogenesis imperfecta and NBT test (Fikrig and Gordon) (Letter), 623
Osteolysis, familial, of carpal and tarsal bones (Gluck and Miller), 506
Osteolytic lesions, pancreatitis and (Keating et al.) (BCLO), 350
Osteomalacia and spontaneous fractures in twins with congenital cytomegalic inclusion disease (Kopelman, Halsted, and Minnefor) (BCLO), 101
Osteopetrosis, congenital, liver lysosomes in (Rosen and Haymovits), 518
Osteoporosis, juvenile: bone findings in seven patients (Jowsey and Johnson), 511
Oxidant-induced injury, irreversible: red cell metabolism in newborn infant (Lubin and Oski), 698
Oxygen therapy in newborn infants (Van Leeuwen) (Letter), 419

P

Palsy, Erb's, ipsilateral, infantile cortical hyperostosis of scapula presenting as (Holtzman) (BCLO), 785
facial, congenital, differentiation from: congenital hypoplasia of depressor anguli oris muscle (Nelson and Eng), 16
Pancreatitis and osteolytic lesions (Keating et al.) (BCLO), 350
Papaverine, topical, effect of, in preventing thrombosis following arteriotomies (Padmanabhan et al.) (BCLO), 792
Paramyxovirus-like inclusions in rubella syndrome (Hanissian and Hashimoto), 231
Parathyroid hormone, serum, in hypophosphatemic vitamin D–resistant rickets (Lewy et al.), 294
Parental grief, unresolved, saga of: "replacement child" (Poznanski), 1190
Parenteral alimentation, hypercalcemia as complication of (Ulstrom and Brown) (Letter), 419; (Stegink and Baker) (Reply), 421
prolonged, essential fatty acid deficiency in infant receiving (Caldwell, Jonsson, and Othersen), 894
nutrition in newborn infants, hyperammonemia accompanying (Johnson, Albritton, and Sunshine), 154
total, in premature infants (Peden and Karpel), 137
therapy for granulomatous colitis, increased requirement for magnesium during (Grand and Colodny) (BCLO), 788
Paroxysmal cold hemoglobinuria of nonsyphilitic etiology in two children (Vogel, Hellman, and Moloshok) (BCLO), 974
Pediatric medical regimens, predicting mothers' compliance with (Becker, Drachman, and Kirscht), 843
residents, reliability of scoring methods for evaluating (Wright and Burg) (Letter), 630
Perinatal pulmonary maturity, estimation of: commentary (Kotas), 378
Peroxide, hydrogen, red cell, hemolysis test and vitamin E absorption in differential diagnosis of jaundice in infancy (Melhorn, Gross, and Izant), 1082
Phagocytic function, granulomatous lung disease with progressive deterioration of (McCracken, Weinberg, and Carlin), 267
Phenobarbital and alkaline phosphatase: preliminary report (Thurmon, Robertson, and Anderson) (BCLO), 547
effect on hyperbilirubinemia, bile acid metabolism, and microsomal enzyme activity in chronic intrahepatic cholestasis of childhood (Sharp and Mirkin), 116
Phenylketonuric patients, neonatal, untreated, bone changes in: new radiographic observation and interpretation (Feinberg and Fisch) (BCLO), 540
Pheochromocytoma, benign, associated with elevated excretion of homovanillic acid (Gitlow et al.), 1112
Phosphatase, alkaline, phenobarbital and: preliminary report (Thurmon, Robertson, and Anderson) (BCLO), 547
Photodynamic action of bilirubin on erythrocytes (Odell, Brown, and Kopelman), 473
Phototherapy, complication of: "bronze" baby syndrome (Kopelman, Brown, and Odell), 466
effect of Plexiglas incubators on (Yasunaga and Kean) (BCLO), 89
of jaundice in newborn infant: effect of various light intensities (Sisson et al.), 35
Phytohemagglutinin skin test: possible in vivo measure of cell-mediated immunity (Bonforte et al.), 775
Pigmentary lesions and hemangiomas: neonatal dermatology (Esterly and Solomon), 1003
Placental, trans-, passage of prednisone and prednisolone in pregnancy near term (Beitins et al.), 936
Plasma growth hormone levels, intermediate, in growth-retarded children, significance of (Joss and Zuppinger), 1092
Pleural, sub-, emphysema complicating staphylococcal and other pneumonias (Boisset B.), 259
Plexiglas incubators, effect on phototherapy (Yasunaga and Kean) (BCLO), 89
Pneumonias, hydrocarbon, in children, adrenocorticosteroid treatment of, cooperative study (Marks et al.), 366
other, staphylococcal and, subpleural emphysema complicating (Boisset B.), 259
Pneumoperitoneum secondary to pulmonary air leak (Donahoe et al.) (BCLO), 797

Poisoning, lead, urinary excretion of delta aminolevulinic acid after discontinuance of therapy for (Vitale et al.) (BCLO), 977
Polycythemia and gangrene of extremity in newborn infant (Papageorgiou and Stern) (BCLO), 985
Prader-Willi syndrome (Hall and Smith), 286
Prednisolone and prednisone, transplacental passage of, in pregnancy near term (Beitins et al.), 936
Prednisone and prednisolone, transplacental passage of, in pregnancy near term (Beitins et al.), 936
Pregnancy and childbirth, normal, in galactosemic woman (Tedesco, Morrow, and Mellman) (BCLO), 1159
near term, transplacental passage of prednisone and prednisolone in (Beitins et al.), 936
in patients who have had idiopathic nephrotic syndrome in childhood (Makker and Heymann), 1140
Premature delivery, possible relationship to: hepatitis-associated antigen (Smithwick, Pascual, and Go) (BCLO), 537
infants, total parenteral nutrition in (Peden and Karpel), 137
two, nursery-acquired cytomegalovirus infection in (Yeager, Jacobs, and Clark) (BCLO), 332
Prenatal diagnosis, issue of chromosomal mosaicism in (Mannanal) (Letter), 422; (Hsu et al.) (Reply), 423
Pressure, negative, continuous, in management of severe respiratory distress syndrome (Outerbridge, Roloff, and Stern), 384
Propionic acidemia, excretion of tiglylglycine in (Rasmussen et al.), 970
Protein hydrolysate-monosaccharide influsion, effects on low-birth-weight infants (Helmuth, Adam, and Sweet), 129
Proteinase inhibitors, serum, in infants with hyaline membrane disease (El-Bardeesy and Johnson), 579
Peudomonas aeruginosa, blue diapers caused by pyocyanin produced by (Buist et al.) (Letter), 622
fecal, as cause of blue diaper syndrome (Libit, Ulstrom, and Doeden) (BCLO), 546
Pulmonary air leak, pneumoperitoneum secondary to (Donahoe et al.) (BCLO), 797
artery-subclavian steal, congenital (Sunderland et al.), 927
maturity, perinatal, estimation of: commentary (Kotas), 378
valve, absent, and aneurysm of pulmonary artery, tetralogy of Fallot with: report of two cases presenting as obstructive lung disease (Bove et al.) (BCLO), 339
Purpura, anaphylactoid, nephritis: clinicopathological correlations (Hurley and Drummond), 904
Pyloric stenosis, congenital, within sibships, incidence of (Huguenard and Sharples), 45
Pyocyanin produced by P. aeruginosa, blue diapers caused by (Buist et al.) (Letter), 622
Pyuria, asymptomatic, in adolescent boys, gonorrhea as cause of (Dawar and Hellerstein) (BCLO), 357

R

Radiographic evidence of nasopharyngeal obstruction in sudden infant death syndrome, lack of (French et al.) (BCLO), 1145
examination in epiglottitis (Edelson) (Letter), 1036; (Rapkin) (Reply), 1036
observation and interpretation, new: bone changes in untreated neonatal phenylketonuric patients (Feinberg and Fisch) (BCLO), 540
Radioisotopic scan, documentation by: transfusion-induced decrease in spleen size in thalassemia major (O'Brien, Pearson, and Spencer) (BCLO), 105
Radiologic localization of major aortic tributaries in newborn infant (Phelps et al.) (BCLO), 336
Rapp-Hodgkins type, multiple defects, ectodermal dysplasia and (Wannarachue, Hall, and Smith) (Letter), 1217
Rash, diaper, diarrhea, and iron-fortified formula (Grant, Street, and Fearnow) (BCLO), 973
Renal transplantation in children, hepatic dysfunction after (Malekzadeh et al.), 279
Renin-aldosterone system, study of, in congenital adrenal hyperplasia (Strickland and Kotchen), 962
Residencies and fellowships, 639
Respiratory distress in infancy, cricopharyngeal achalasia as cause of (Blank and Silbiger) (BCLO), 95
natal onset of (Koffler and McAdams), 168
syndrome and/or cyanotic congenital heart disease (Risemberg et al.), 609
idiopathic, serum trypsin inhibitory capacity and (Evans, Keller, and Mandl), 588
umbilical cord serum trypsin inhibitor capacity and (Kotas, Fazen, and Moore), 593
preterm infant, neonatal acidosis and: role of early pH correction with bicarbonate (Sinclair), 1188
relation to: early versus late treatment of neonatal acidosis in low-birth-weight infants (Hobel et al.), 1178
severe, continuous negative pressure in management of (Outerbridge, Roloff, and Stern), 384
status of children with croup (Newth, Levison, and Bryan), 1068
Reticuloendothelial failure in familial erythrophagocytic lymphohistiocytosis (O'Brien et al.) (BCLO), 543

Rheumatic chorea controlled with haloperidol (Axley) (Letter), 1216
Rheumatoid factor, presence of, in ten children with isolated rheumatoid-like nodules (Berardinelli et al.), 751
Rickets, development of, long-term administration of antiepileptic drugs and (Borgstedt et al.), 9
hypophosphatemic vitamin D–resistant, serum parathyroid hormone in (Lewy et al.), 294
Rubella, maternal, hearing deficit, following (Peck) (Letter), 414
syndrome, paramyxovirus-like inclusions in (Hanissian and Hashimoto), 231
vaccinations, follow-up on, and experience with subclinical reinfection (Farquhar), 460
Russell dwarf, facial profile of (Szalay) (Letter), 1035; (Fitch and Pinsky) (Reply), 1035

S

Salt-losing congenital adrenal hyperplasia, hypertension secondary to excessive desoxycorticosterone implants or 9-alpha fluorocortisol in (Vazquez and Kenny) (BCLO), 549
Sarcoidosis, thrombocytopenia associated with, etiology and therapy of (Dickerman, Holbrook, and Zinkham), 758
in young child (Gluck, Miller, and Summerlin) (BCLO), 354
Scapula, infantile cortical hyperostosis of, presenting as ipsilateral Erb's palsy (Holtzman) (BCLO), 785
Scheduled meetings, 199, 428, 636, 861, 1039, 1224
Schwartz syndrome: myotonia with blepharophimosis and limitation of joints (Saadat et al.) (BCLO), 348
Seborrheic dermatitis, treatment with biotin and vitamin B complex (Nisenson) (Letter), 630; (Barness) (Reply), 631
Selenium, vitamin E, and sudden infant death syndrome (Rhead et al.) (Letter), 415
Serologic, clinical, and epidemiologic study: urban measles in vaccine era (Cherry et al.), 217
Serum, dose-, level relationships in children, efficacy, toxicity, and: diphenylhydantoin (Borofsky et al.), 995
growth hormone concentrations in children and adolescents, effect of L-dihydroxyphenylalanine upon (Root and Russ), 808
level of alpha-1 fetoprotein in embryonal cell carinoma, effect of therapy on (Kithier et al.), 71
of digoxin in infants and children (Krasula et al.), 566
parathyroid hormone in hypophosphatemic vitamin D–resistant rickets (Lewy et al.), 294
Serum—Cont'd
proteinase inhibitors in infants with hyaline membrane disease (El-Bardeesy and Johnson), 579
trypsin inhibitory capacity and idiopathic respiratory distress syndrome (Evans, Keller, and Mandl), 588
umbilical cord, and idiopathic respiratory distress syndrome (Kotas, Fazen, and Moore), 593
Sexual maturation, relation to age, height, weight, and: normal standards for exophthalmometry in children 10 to 14 years of age (Gerber et al.), 327
Siblings, two, atypical enzyme activities in blood cells in: type III glycogenosis (Deckelbaum et al.), 955
Sibships, incidence of congenital pyloric stenosis within (Huguenard and Sharples), 45
Sickle cell testing programs (Pearson and O'Brien), 1201
Skin test antigen, mumps virus, and cutaneous delayed hypersensitivity, correlation between potency of (Dufour, Arce, and St. Geme), 742
phytohemagglutinin: possible in vivo measure of cell-mediated immunity (Bonforte et al.), 775
Smallpox vaccination in United States: end of era (Karzon), 600
Spleen size in thalassemia major, transfusion-induced decrease in: documentation by radioisotopic scan (O'Brien, Pearson, and Spencer) (BCLO), 105
Staphylococcal and other pneumonias, subpleural emphysema complicating (Boisset B.), 259
Stenosis, pyloric, congenital, within sibships, incidence of (Huguenard and Sharples), 45
Steroid-responsive nephrotic syndrome, long-term follow-up of children with (Siegel et al.), 251
therapy and varicella (Gershon et al.) (Letter), 1034
Sweat tests in diagnosis of cystic fibrosis, reliability of (Gibson) (Letter), 193; (Gottlieb (Reply), 195; (di Sant' Angese) (Comment), 196; (Huang) (Comment), 197
Syndrome(s), Aarskog (Furukawa, Hall, and Smith), 1117
asplenia: review of significant extracardiac structural abnormalities in 29 necropsied patients (Freedom), 1130
Bartter's, growth characteristics and factors influencing growth in (Simopoulos and Bartter), 56
blue diaper, fecal Pseudomonas aeruginosa as cause of (Libit, Ulstrom, and Doeden) (BCLO), 546
"bronze" baby: complication of phototherapy (Kopelman, Brown, and Odell), 466
DiGeorge (Lischner) (Editor's column), 1042
associated with combined immunodeficiency (Gatti et al.), 920

Syndrome(s)—Cont'd
hemolytic-uremic: initial clinical presentation mimicking ulcerative colitis (Berman), 275
management of (Morris) (Letter), 424; (Lieberman) (Reply), 425
hereditary, of imperforate anus with hand, foot, and ear anomalies (Townes and Brocks), 321
of inappropriate secretion of antidiuretic horomone produced by vincristine toxicity (with bioassay of ADH level) (Suskind, Brusilow, and Zehr) (BCLO), 90
Leigh's, subacute necrotizing encephalomyelopathy, biochemical studies and therapy in (Grover, Auerbach, and Patel), 39
Lown, Ganong, and Levine, with atrial flutter in child (Greenwood) (Letter), 623
malabsorption, in infancy and childhood: part I (Ament), 685
part II (Ament), 867
nephrotic, idiopathic, in childhood, pregnancy in patients who have had (Makker and Heymann), 1140
steroid-responsive, long-term follow-up of children with (Siegel et al.), 251
of ocular and facial anomalies, telecanthus, and deafness (Holmes and Schepens) (BCLO), 552
Prader-Willi (Hall and Smith), 286
respiratory distress, and/or cyanotic congenital heart disease (Risemberg et al.), 609
idiopathic, serum trypsin inhibitory capacity and (Evans, Keller, and Mandl), 588
umbilical cord serum trypsin inhibitor capacity and (Kotas, Fazen, and Moore), 593
in preterm infant, neonatal acidosis and: role of early pH correction with bicarbonate (Sinclair), 1188
relation to: early versus late treatment of neonatal acidosis in low-birth-weight infants (Hobel et al.), 1178
severe, continuous negative pressure in management of (Outerbridge, Roloff, and Stern), 384
rubella, paramyxovirus-like inclusions in (Hanissian and Hashimoto), 231
Schwartz: myotonia with blepharophimosis and limitation of joints (Saadat et al.) (BCLO), 348
sudden infant death, lack of postmortem radiographic evidence of nasopharyngeal obstruction in (French et al.) (BCLO), 1145
vitamin E, selenium, and (Rhead et al.) (Letter), 415
Syphilis, congenital, glomerulopathy of, immune deposit disease (Kaplan et al.) (BCLO), 1154
Syphilitic, non-, etiology, paroxysmal cold hemoglobinuria of, in two children (Vogel, Hellman, and Moloshok) (BCLO), 974

T

T_3 toxicosis in childhood: hyperthyroidism due to isolated hypersecretion of triiodothyronine (Mitsuma et al.) (BCLO), 982
Tarsal and carpal bones, familial osteolysis of (Gluck and Miller), 506
Technicon AutoAnalyzer, use of: congruence of creatinine and inulin clearances in children (Arant, Edelmann, and Spitzer) (BCLO), 559
Telecanthus, ocular and facial anomalies, and deafness, syndrome of (Holmes and Schepens) (BCLO), 552
Temperament, infant, measurements, clinical applications of (Carey), 823
measuring (Carey) (Letter), 414
Test(s), NBT, osteogenesis imperfecta and (Fikrig and Gordon) (Letter), 623
nitroblue tetrazolium, in children with malnutrition (Altay et al.), 392
red cell hyrogen peroxide hemolysis, and vitamin E absorption in differential diagnosis of jaundice in infancy (Melhorn, Gross, and Izant), 1082
skin, antigen, mumps virus, and cutaneous delayed hypersensitivity, correlation between potency of (Dufour, Arce, and St. Geme), 742
phytohemagglutinin: possible in vivo measure of cell-mediated immunity (Bonforte et al.), 775
sweat, in diagnosis of cystic fibrosis, reliability of (Gibson) (Letter), 193; (Gottlieb) (Reply), 195; (di Sant' Agnese) (Comment), 196; (Huang) (Comment), 197
Testing programs, sickle cell (Pearson and O'Brien), 1201
Tetralogy of Fallot with absent pulmonary valve and aneurysm of pulmonary artery: report of two cases presenting as obstructive lung disease (Bove et al.) (BCLO), 339
Tetrazolium, nitroblue, test, in children with malnutrition (Altay et al.), 392
Thalassemia major, transfusion-induced decrease in spleen size in: documentation by radioisotopic scan (O'Brien, Pearson, and Spencer) (BCLO), 105
Thirst mechanism, abnormal, in 13-year-old child with nephrogenic diabetes insipidus, persistent hypernatremia due to (Anand, Kogut, and Lieberman), 1097
Thrombocytopenia associated with sarcoidosis, etiology and therapy of (Dickerman, Holbrook, and Zinkham), 758
Thrombosis following arteriotomies, effect of topical papaverine in preventing (Padmanabhan et al.) (BCLO), 792
Thyroid function assays in infants (O'Halloran and Webster), 916
Tiglylglycine, excretion of, in propionic acidemia (Rasmussen et al.), 970
Tissue, adipose, cellular development, problem in: obesity in childhood (Knittle), 1048

Tissue—Cont'd
culture, isolation of Toxoplasma gondii in (Chang et al.) (BCLO), 790
Toxicosis, T_3, in childhood: hyperthyroidism due to isolated hypersecretion of triiodothyronine (Mitsuma et al.) (BCLO), 982
Toxoplasma gondii in tissue culture, isolation of (Chang et al.) (BCLO), 790
Tracheoesophageal fistulas, extra vertebrae associated with esophageal atresias and (Stevenson), 1123
Tracheotomy, influenza A_2 virus as cause of croup requiring (Howard, McCracken, and Luby) (BCLO), 1148
routine, in Hemophilus influenzae type b epiglottitis (Margolis, Ingram, and Meyer) (BCLO), 1150
Training programs, evaluation of pediatric residents and their (Robertson) (Letter), 419
Transcobalamin II deficiency, hereditary: role of transcobalamin II in vitamin B_{12}–mediated reactions (Scott et al.), 1106
Transfusion, exchange, anticoagulants in blood for (Franciosi) (Letter), 424; (Delivoria-Papadopoulos and Oski) (Reply), 424
effect of, on endogenous carbon monoxide production in erythroblastotic infants (Maisels, Pathak, and Nelson), 705
induced decrease in spleen size in thalassemia major: documentation by radioisotopic scan (O'Brien, Pearson, and Spencer) (BCLO), 105
program, hemophilia home: effect on school attendance (Lazerson) (BCLO), 330
Transplantation, renal, in children, hepatic dysfunction after (Malekzadeh et al.), 279
Triiodothyronine, hyperthyroidism due to isolated hypersecretion of: T_3 toxicosis in childhood (Mitsuma et al.) (BCLO), 982
Triphalangeal thumbs and congenital erythroid hypoplasia: report of case with unusual features (Murphy and Lubin) (BCLO), 987
Triploidy in live-born male infant (Finley et al.) (Letter), 855
Trypsin, serum, inhibitory capacity and idiopathic respiratory distress syndrome (Evans, Keller, and Mandl), 588
umbilical cord, and idiopathic respiratory distress syndrome (Kotas, Fazen, and Moore), 593
Tumor in infancy, cerebellar necrosis simulating (Fischer, Strand, and Gilles) (BCLO), 98
Wilms', in newborn period (Strauss) (Letter), 1220
Twin(s) fraternal, failure to thrive, retardation, and other neurologic signs in (Norman and Steele), 1019
newborn dizygous, cytomegalovirus infection in (Shearer et al.) (BCLO), 1161
with congenital cytomegalic inclusion disease, osteomalacia and spontaneous fractures in (Kopelman, Halsted, and Minnefor) (BCLO), 101

U

Ulcerative colitis, initial clinical presentation mimicking: hemolytic-uremic syndrome (Berman), 275
Ultrasound, Doppler, application to blood pressure measurement in small infants (Black, Kotrapu, and Massie), 932
Umbilical cord serum tryspin inhibitor capacity and idiopathic respiratory distress syndrome (Kotas, Fazen, and Moore), 593
Urecholine (bethanecol), treatment of familial dysautonomia with (Axelrod et al.), 573
Uremic infants, hypomagnesemia in (Ghazali, Hallett, and Barratt), 747
Urinary or enteric infections, hemagglutinin and bactericidin response in children with (Agarwal and Neter), 501
excretion of delta aminolevulinic acid after discontinuance of therapy for lead poisoning (Vitale et al.) (BCLO), 977
retention in neonate secondary to maternal ingestion of nortriptyline (Shearer, Schreiner, and Marshall), 570
Urine, keratosulfate in, simple chromatographic method for identification of: diagnosis of Morquio's disease (Humbel, Marchal, and Fall) (BCLO), 107
maple syrup, disease, enzyme activity in classical and variant forms of (Dancis et al.), 312

V

Vaccination(s), rubella, follow-up on, and experience with subclinical reinfection (Farquhar), 460
smallpox, in United States: end of era (Karzon), 600
era, urban measles in: clinical, epidemiologic, and serologic study (Cherry et al.), 217
measles, live, and gamma globulin, reimmunization of children who previously received: measles immunity (Arbeter et al.), 737
Vaginitis, meningococcal, meningococcemia in newborn infant whose mother had (Sunderland et al.) (Letter), 856
Valve, pulmonary, absent, and aneurysm of pulmonary artery, tetralogy of Fallot with: report of two cases presenting as obstructive lung disease (Bove et al.) (BCLO), 339
Varicella infection of compromised hosts, uncertain role of cytosine arabinoside in (Stevens and Merigan), 562
steroid therapy and (Gershon et al.) (Letter), 1034
Venous, intra-, alimentation (Babson and Benda) (Letter), 190; (Heird et al.) (Reply), 191
total: foreword (Behrman), 127
continuous nasogastric infusion versus (Landwirth) (Letter), 1037; (Heird et al.) (Reply), 1038

Venous, intra-, alimentation, total—Cont'd
in low-birth-weight infants: preliminary report (Driscoll et al.), 145
using mixture of synthetic L-amino acids, hyperammonemia resulting from: preliminary report (Heird et al.), 162
Ventricular, intra-, gentamicin levels, relationship to cure of meningitis (Moellering and Fischer) (BCLO), 534
Vertebrae, extra, associated with esophageal atresias and tracheoesophageal fistulas (Stevenson), 1123
Vincristine toxicity, syndrome of inappropriate secretion of antidiuretic hormone produced by (with bioassay of ADH level) (Suskind, Brusilow, and Zehr) (BCLO), 90
Virus, influenza A_2, as cause of croup requiring tracheotomy (Howard, McCracken, and Luby) (BCLO), 1148
mumps, skin test antigen and cutaneous delayed hypersensitivity, correlation between potency of (Dufour, Arce, and St. Geme), 742
Vitamin B complex and biotin, treatment of seborrheic dermatitis with (Nisenson) (Letter), 630; (Barness) (Reply), 631
B_6, homocystinuria, and folate: metabolic interrelationships and clinical significance (Gaull), 1014
B_{12}-mediated reactions, role of transcobalamin II in: hereditary transcobalamin II deficiency (Scott et al.), 1106
combined, responsiveness, in homocystinuria (Morrow and Barness), 946
D-resistant rickets, hypophosphatemic, serum parathyroid hormone in (Lewy et al.), 294
